Acknowledgements

Acknowledgements

First and foremost, I would like to thank *Allah, the Most Gracious, and the Most Merciful*, for helping me to finish this work.

I wish to express my sincere gratitude to *Dr. Ahmed Fathy El Serafi*, Assistant Professor of Radiodiagnosis, Faculty of Medicine, Suez Canal University, for his moral support, meticulous supervision and valuable advice, aiming at perfection of this work.

Also, I am deeply grateful and sincerely thankful to *Dr. Magdy Mostafa El Nesr*, Lecturer in Radiodiagnosis, Faculty of Medicine, Suez Canal University, for his generous help and assistance, continuous advice, and meticulous follow-up of every word written in this study and without his help, excellent scientific guidance, faithful concern, this work would have been less rewarding.

I am also thankful to *Dr. Khaled Mohamed El Nahas*, Lecturer in Gynecology & Obstetrics, Faculty of Medicine, Suez Canal University, whose moral support cannot be praised with words.

A special word of thanks to *Dr. Tarek Hassan Khalil*, Assistant Professor of Radiodiagnosis, Faculty of Medicine, Suez Canal University, for his indispensable support, and sincere encouragement.

Lastly, but certainly not leastly, I would like to express my warm thanks and appreciation to *all staff members of the Radiology Department*, Suez Canal University, and of course, to *my colleagues in the Radiology Department*, for their kind words, support and advice.

Thank You,

Wael Mahmoud Mohammed Nematt Alla

Dedication

This work is dedicated to

My parents,

My wife

&

My daughter Dina
