**The value of DNA analysis and
immunohistochemistry in distinguishing
malignant pleural mesothelioma from
adenocarcinoma**

Thesis

Submitted for partial fulfillment of
MD Degree of Chest Diseases

By

Dr. Aya Mohamed Mohamed Abdel Dayem
MB. Bch. M.S. Degree, Assistant Lecturer of Chest Disease
Faculty of Medicine
Ain Shams University

Supervisors

Prof.

**Tarek Mohamed
Safwat**

*Professor and Chairman of Chest
Diseases
Faculty of Medicine
Ain Shams University*

Prof.

Thanaa Helal

*Professor of Pathology
Faculty of Medicine
Ain Shams University*

Prof.

**Manal Hosney
Ahmed**

*Professor of Chest Diseases
Faculty of Medicine
Ain Shams University*

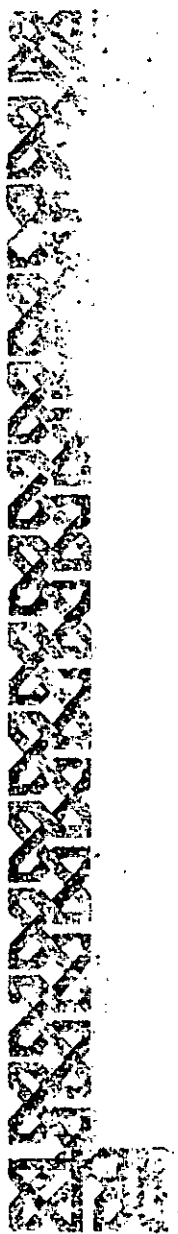

Dr.

**Yasser Mostafa
Mohamed**

*Lecturer of Chest Diseases
Faculty of Medicine
Ain Shams University*

"قالوا سبحانك لا علم لنا إلا ما علمتنا
إنك أنت العليم الحكيم"

صدق الله العظيم

سورة البقرة الآية (٣٢)

Acknowledgement

Thanks God.. for helping me to terminate this work.

It is honour to express my almost gratefulness and sincerest gratitude to **Prof. Tarek Mohamed Safwat**, Professor and Chairman of Chest Diseases, Faculty of Medicine, Ain Shams University, for giving me the chance to work under his generous supervision, meticulous advice and continuous encouragement.

I would like to express my deep thanks and supreme gratitude to **Prof. Thanaa Helal**, Professor of Pathology, Faculty of Medicine, Ain Shams University, for her close supervision and valuable instruction throughout this thesis.

I would like also to express my supreme gratitude and respect to **Prof. Manal Hosney Ahmed**, Professor of Chest Diseases, Faculty of Medicine, Ain Shams University, for her kind guidance and valuable support throughout this work.

I wish to express my thanks to **Dr. Yasser Mostafa Mohamed**, Lecturer of Chest Diseases, Faculty of Medicine, Ain Shams University, for his kind help and valuable support.

To My
Mother, Father, Husband
&
My Sons
(Ali & Mohammed)
