**GENE THERAPY IN TREATMENT
OF RHEUMATOID ARTHRITIS
AND OSTEOARTHRITIS**

Essay

Submitted in partial fulfillment of the requirements of
M.Sc. Degree in Physical Medicine and Rehabilitation

By

Ayman Fathy Khalil

(M.B.Ch.B)

(Alexandria)

Prof. Dr. **Hatem Al Ebiary**

*Emeritus Professor of Physical Medicine and Rehabilitation
Ain Shams University*

Prof. Dr. **Nora Salwa Saad Allah Haroun**

*Professor of Physical Medicine and Rehabilitation
Ain Shams University*

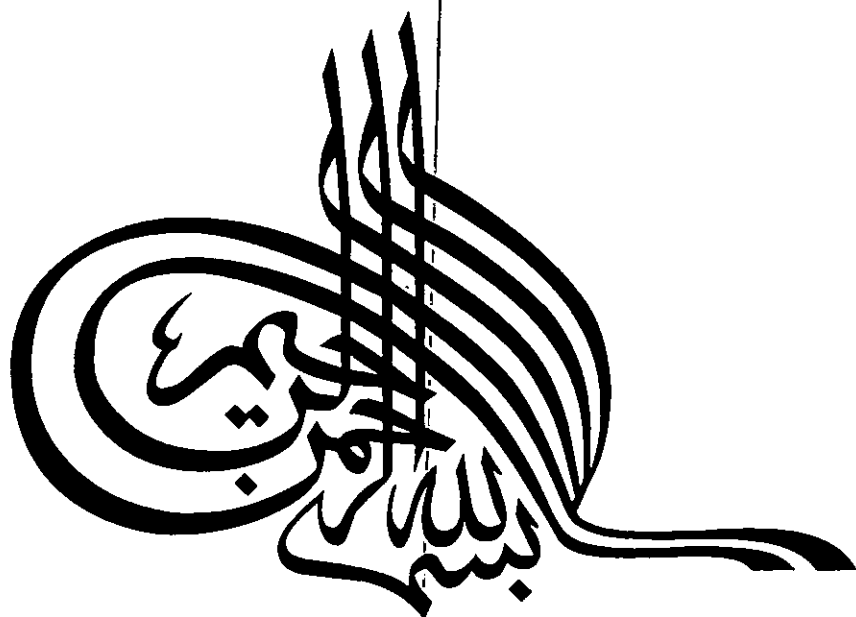

Ass. Prof. Dr. **Mona Lotfy Zamzam**

*Assistant Professor of Physical Medicine and Rehabilitation
Ain Shams University*

**FACULTY OF MEDICINE

Acknowledgement

I wish to express my deepest gratitude, thankfulness and appreciation to Professor Dr. Hatem Al Ebiary, Emeritus Professor of Physical Medicine and Rehabilitation, Ain Shams University, for his kind care and constant supervision and motivation that lead to the production of this piece of work.

I also would like to acknowledge my appreciation and gratitude to Professor Dr. Nora Salwa Haroun, Professor of Physical Medicine and Rehabilitation, Ain Shams University, for her supervision and greatest support for myself and for my work that helped this essay a lot to see the light.

I also wish to express my deepest appreciation to Ass. Professor Dr Mona Lotfy Zamzam, Ass Professor of Physical Medicine and Rehabilitation, Ain Shams University, for devoting her time and effort to supervise this work and give her guidance and advice so that this work would finally be as perfect as it could be.

I wish also to thank Professor Dr Mohammad Gamal Zaki, head of the Physical Medicine and Rehabilitation Department, Ain Shams University, for his care kindness, and moral support in order to complete this work.

Finally I would like to thank Professor Dr Mervat Abd Al Hakim for her support to me and to all my colleagues throughout our studies in the Physical Medicine and Rehabilitation Department, Ain Shams University, Faculty of Medicine.
