ACKNOWLEDGMENT

First, thanks to Allah, who gave me mind and power to achieve this work.

I would like to express my profound and sincere gratitude to professor Ibrahim El-Mitwally Samaha, professor of obstetrics and gynecology, Ain Shams university, and head of department of obstetrics and gynecology ,6th October university for his valuable advice and indispensable time.

I was fortunate to achieve this work under the guidance of professor Mohamed Adel El-Nazer, professor of obstetrics and gynecology, Ain Shams university who offered me encouragement and experience.

I was most appreciative of the utmost help of professor Khaled Hassan Swidan, assistant professor of obstetrics and gynecology, Ain Shams university for his extreme patience and cooperation to accomplish this work.

I would like to thank everyone who offered me help during the process of this research ; especially my mother who was always beside me with her great experience and support, and my wife with her patience, support and inspiration which made the completion of this work possible.

Ihab Fouad Serag El-Dine
