

**Er ,Cr:YSGG LASER vs Diode LASER Biomodulation on
Bone Surrounding ALL-on-4® implants Supporting Hybrid
Immediately Loaded Maxillary Prostheses**

Thesis submitted to removable prosthodontics department, Faculty of Dentistry
Ain Shams University,

In partial fulfillment of the requirements of Doctor Degree

In oral and maxilla facial prosthodontics

Submitted by

Dr. Rami Maher Ghali

Professor of Prosthodontics

Oral and Maxillofacial Prosthodontics Department

Vice dean for community service & environmental development

Faculty of Dentistry

Ain-Shams University

ACKNOWLEDGMENT

I would like to express my most sincere gratitude and grateful appreciation to *Dr. Ingy Amín Talaat*, Professor of Prosthodontics ,Oral and Maxillofacial Prosthodontics Department , Faculty of Dentistry, Ain-Shams University. For her valuable advice, devoted effort, motherly advice and unique co-operation, will always be deeply remembered.

My deepest thanks and appreciations are extended to my dear mentor *Dr. Ramí Maher Ghalí* Professor. of Prosthodontics, and Vice dean for community service & environmental development for his endless encouragement, great help, extreme patience, valuable guidance, immeasurable support, and advice, will always be sincerely remembered.

My deepest thanks to my sisters ,colleges and best friends *Dr. Dína Essam & and Dr. Marwa Emam* for their endless support, will always be grateful for your presence in my life .

Countless thanks are extended to all my professors, colleagues and staff members of the Prosthodontic Department, Faculty of Dentistry, Ain-Shams University, for their encouragement and support.

Many thanks are also extended to *dr Ramí Gamíl* for his kind help during the virtual palnning and accurate guide fabrication at 3DVision Imaging for this study.

Many thanks are also extended to my dear friend *dr May Hussaín* for her kind help during the dental photography for this study.

Noha ElHussieny

To my Beloved Mother ...

My Dad and brothers...

And my sisters

Dina Essam & Marwa Emam

For their Love and Support.
