To my cheerful lovely daughter, DANA

ACKNOWLEDGMENTS

First of all, thank God for completing this work.

No doubt, without the help and support of some honorable individuals, it is impossible to finish this work.

Firstly, words can't help me to express my deepest feelings and great thanks to **Prof. Dr. Hosny S. A. El-Gendawy,** Professor of Community Medicine, Faculty of Medicine, Assiut University who gives me the courage and support to proceed in this study. Actually without his guidance, advises, scientific support and keen supervision throughout the study I would not have been able to complete this study.

It is a pleasure for me to express my deepest gratitude and grateful appreciation to **Prof. Dr. Mohamed A. E. Hadhood,** Professor and Chairman of Psychiatric Unit, Faculty of Medicine, Assiut University for his generous attitude, persistent support and for providing me with the scientific materials needed to establish this work. Thanks for his generosity for giving me enough time and supervision to complete this work.

To the one who is a remarkable person **Dr. Randa M. Shams El-Din**, Lecturer of Community Medicine, Faculty of Medicine, Assiut University who supported the idea of this work, helped me by all means, removing all obstacles facing this work, discussing all points fruitfully and revising it meticulously. She was more than a sister for me teaching me a lot in science and life too.

I can't forget the sincere help and keen support of the staff members and colleagues of Public Health Department.

Ahmed Khair
