Acknowledgement

*First of all, thanks to **Allah** whose magnificent help was the main factor in completing this work,*

Words cannot express my deepest gratitude to Prof. Dr. Gamal Nasser Eid, Professor in Forensic Medicine and Clinical Toxicology Department, Faculty of Medicine, Ain Shams University, who helped me throughout this work by training, precious instructions, valuable advices and scientific knowledge to accomplish such work,

I would also like to thank Prof. Dr. Nabil Nassif Rezk, Assistant Professor in Forensic Medicine and Clinical Toxicology Department, Faculty of Medicine, Ain Shams University for his continuous guidance and support he gave me throughout the whole work. It has been a great honor for me to work under his generous supervision.

I would also like to thank Dr. Mohamed Abdelrazik Ghazy, Lecturer of Cardiology-Cardiology Department, Faculty of Medicine, Ain Shams University, for his help and valuable advice.

I would like to offer my special thanks and deep appreciation to Dr. Ayman Mohamed Abdelfattah, Lecturer in Forensic Medicine and Clinical Toxicology Department, Faculty of Medicine, Ain Shams University for his continuous support and guidance throughout my work,

*Last but not least, sincere gratitude to **My Family**, for their continuous encouragement and spiritual support.*

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

قالوا

سُبْحَانَكَ لَا عِلْمَ لَنَا
إِلَّا مَا عَلَّمْتَنَا إِنَّكَ أَنْتَ
الْعَلِيمُ الْعَظِيمُ

صدق الله العظيم
