ACKNOWLEDGEMENT

First of all I am greatly indebted in my work and success to our merciful "Allah" who gave me the ability to finish this work.

Words stand short when they came to express my great fullness to my supervisors.

I wish to express my greatest appreciation, profound gratitude to **Prof. Dr. Fathi Ibrahim Radwan**, Professor of Agronomy and Head of Plant Production Department Faculty of Agriculture (Saba Basha), Alexandria University, for his endless encouragement, useful guidance and helpful advice. His untiring and dedicated efforts in reviewing the manuscript were immensely inspiring.

I am highly indebted and wish to express my profound gratitude and sincere appreciation to **Prof. Dr. Mahmoud Abdel- Aziz Gomaa**, Emeritus Professor of Agronomy, Faculty of Agriculture. (Saba Basha), Alexandria University, for suggesting the problems, supervision, encouragement, and helping to overcome all the obstacles to bring this work into light.

I would like express my utmost appreciation and deep gratitude to **Prof. Dr. Ahmed Abdel Akader El-Hissewy**, Professor of Rice Research, Field Crops Research Institute, Agricultural Research Center, for his kind supervision, valuable advice and continuous guidance during the course of the study.

I would like to express my deepest appreciation from my heart to my wife, my children for their support, encouragement, care and patience during preparing my Ph.D. thesis courses.

All members of the plant production Department and the Experimental Station, Faculty of Agriculture, Alexandria University, the members of the Rice Technology Training Center, deserve many thanks for their continuous encouragement and various assistance.
