ACKNOWLEDGMENT

First and foremost thanks are due to God, the most beneficent and merciful.

Words fail me to express my deepest thanks and gratitude to **Dr. Zeinab Zaki Al Darderi** Professor of Biochemistry and Head of Biochemistry Department, Faculty of Science, Ain Shams University, for her most appreciated guidance and advice. She has been the most helpful to me throughout this work. I am very much privileged and honored to have her as my supervisor. Words will never be enough to express my appreciation for her unlimited efforts.

No one can forget our father, who stands beside and encourages every candidate, helps every patient to survive, the man who always gives and loves, who is considered the real human, **Dr. Ali Khalifa** Professor of Biochemistry and Head of both Oncology Diagnostic Unit and Biochemistry Department, Faculty of Medicine, Ain Shams university. Our words and wishes are prays to God to save this man for us. Humanitarian love is never beyond people like him.

No words could express my sincere appreciation and deepest gratitude to **Dr. Sanaa Eissa** Professor of Biochemistry, Faculty of medicine, Ain Shams University, for her step by step guidance, advice and assistance. I relay owe her a lot of appreciation for every thing she did for me throughout this work. Words

can not find their way to express my thanks to her expertise supervision and her sisterly encouragement.

May God put this work in her good deeds balance.

Finally, I would to express my deepest gratitude to all the staff members of the Oncology Diagnostic Unit, Faculty of Medicine, Ain Shams University, for their kind help and the support, that facilitated the accomplishment of this work.
