SUPERVISION SHEET

Evaluation and Application of Modern Methods for the Detection of Aflatoxins and Histamine in Some Food in Conjunction with HACCP Concept

By

Yousef Yasseen Abd el-Rahim Sultan

Under the supervision of:

Dr. Wael A. Bazaraa

Assistant Professor of Food Science, Faculty of
Agriculture, Cairo University.

Dr. Ahmed M.E. Hegazy

Lecturer of Food Science, Faculty of Agriculture, Cairo
University.

Prof. Ahmed M. A. Ayesh

Professor of Food Toxicology and Contaminants, National
Research Center, Dokki, Egypt.

Department of Food Science

Faculty of Agriculture,

Cairo University

2004

APPROVAL SHEET

Title: Evaluation and Application of Modern Methods for the
Detection of Aflatoxins and Histamine in Some Food
in Conjunction with HACCP Concept

Name: Yousef Yasseen Abd el-Rahim Sultan

Thesis

Submitted in Partial Fulfillment of the Requirement for the
Degree of Master in Food Science

To the

Department of Food Science, Faculty of Agriculture, Cairo
University

Approved by:

Prof. Atef A. Abou-Arab

Professor of Food Science, Faculty of Agriculture, Ain
Shams University.

Prof. Abd El-Rahman M. Khalaf Allah

Professor of Food Science, Faculty of Agriculture, Cairo,
University.

Dr. Wael A. Bazaraa (Supervisor)

Assistant Professor of Food Science, Faculty of
Agriculture, Cairo University.

(Committee in charge)

Date: 7/11/2004

ACKNOWLEDGMENT

All praises are due to Allah and peace be upon profit Mohamed.

*I wish to express my deepest gratitude to **Dr. Wael A. Bazaraa**, Assistant Professor of Food Science, Faculty of Agriculture, Cairo University for his supervision, help, valuable suggestions and continuous encouragement during conducting this work. Great thanks are also due to **Dr. Ahmed M.E. Hegazy**, Lecturer of Food Science, Faculty of Agriculture, Cairo University for his supervision, encouragement and sincere support.*

*I wish to express my deepest sincere appreciations to **Dr. Ahmed M. A. Ayesh**, Professor of Food Toxicology and Contaminants, National Research Center for his supervision, quite generosity with his knowledge, and for suggesting the topic of this work. Sincere thanks are also extended to **Dr. Hussein Azzaz Murad**, Professor of Food and Dairy Microbiology, National Research Center for his encouragement, help to accomplish this work.*

Gratitude is also extended to the staff members of Marine Toxin Lab., National Research Center for their valuable help during executing this work.

*My appreciation is also extended to **Dr. Abd El-Rahman M. Khalaf Allah**, Professor of food science, (Dept. Food Science, Fac. Agric., Cairo Univ.) and **Dr. Atef A. Abou-Arab**, professor of food science (Dept. Food Science, Fac. Agric., Ain Shams Univ.) for serving as members of my reading committee and for their thoughtful suggestion and great help.*
