**A STUDY OF LEUKODEPLETION OF RED
CELL CONCENTRATES USING DIFFERENT
PROTOCOLS IN POLYTRANSFUSED
EGYPTIAN CHILDREN**

Thesis

Submitted for partial fulfillment
of the Master Degree in
PEDIATRICS

By

Sahar Hassan Ibraheim

M.B., B.Ch.

Supervised by

Prof. Dr. Mohsen Saleh El-Alfy

Professor of Pediatrics

Faculty of Medicine

Ain Shams University

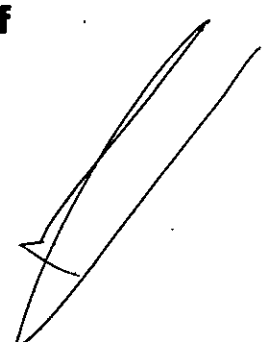

Prof. Dr. Salwa Mohamed Youssef

Professor of Clinical Pathology

Faculty of Medicine

Ain Shams University

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

﴿ وَقُلْ اَعْمَلُوا فَسَيَرَى

اللَّهُ عَمَلَكُمْ وَرَسُولُهُ

وَالْمُؤْمِنُونَ ﴾

صدق الله العظيم

سورة التوبة / الآية ١٠٥

Acknowledgement

First, thanks are all to **God** for blessing this work until it has reached its end as a little part of his generous help throughout our life.

I would like to express my grateful appreciation to Prof. Dr. **Mohsen Saleh El-Alfy**, Professor of Pediatrics, Faculty of Medicine, Ain Shams University, for his valuable instructions, constructive advice, continuous encouragement and support that he gave me throughout the whole work. It is a great honour to work under his guidance and supervision.

Also, I would like to express my cardial thanks and appreciation to Prof. Dr. **Salwa Mohamed Youssef**, Professor of Clinical Pathology, Faculty of Medicine, Ain Shams University, for her great support, careful supervision and continuous advices in the practical part during this study.

I am also deeply grateful and would like to express my sincere thanks and gratitude to Dr. **Magdy Abd El-Hady El-Ekiaby**, The Chairman of Chabrawichi Blood Bank, for his great help, support, guidance and continuous encouragement in the practical part of this work.

Also, I would like to extend my sincere appreciation to Dr. **Iman Ali Abdein**, I remain in admiration for her great help and kind guidance throughout the whole work.

My thanks also go to my **parents** and also my dear **husband**, for their valuable help, support and encouragement all the time.

Last but not least, I am very grateful to the patients and their parents for their cooperation.

CONTENTS

	<u>Page</u>
Introduction and aim of the work.....	1
Review of Literature.....	
Hematological indication of blood transfusion	3
Congenital pure red cell anemia.....	3
Aplastic anemia.....	4
Thalassemia.....	5
Blood transfusion	24
Leukodepletion	39
Tumor necrosis factor alpha	46
Subjects and Methods.....	49
Results	61
Discussion.....	77
Summary and Conclusion	83
Recommendations.....	86
References	87
Arabic Summary.....	--

LIST OF TABLES

Tab. No.	Title	Page
1	Techniques which result in leukocyte reduction of red cell products	42
2	Comparison of different options in timing of leukoreduction	45
3	Demographic, clinical and laboratory data of transfusion dependent B thalassemic patients	62
4	Demographic clinical and laboratory data of the studied B thalassemic patients	63
5	Comparison between the studied groups as regards clinical and laboratory data	64
6	Comparison of the different studied groups as regard serum tumor necrosis factor alpha	66
7	Comparison of the different studied groups as regard residual leukocytes in the red cell blood units	67

8	Effect of prolonged period of transfusion (>3 hours) on serum TNF- α in the studied groups	70
9	Comparison of residual leukocytes in the red cell blood units at start and end of filtrations by different types of filter	71
10	Effect of days of storage of the blood units on residual leukocytes in the red cell blood units and on serum tumor necrosis factor alpha	72
11	Comparison of the occurrence of FNHTRs in the studied groups.....	74
