I always feel deeply indebted to my God, the real guide and the real supporter.

I would like to express my profound thanks, sincere and deep appreciation to Dr. Abd El-Mageed Aly Abd El-Mageed, professor of obstetrics and gynecology, for his invaluable and generous support.

I am particularly indebted to Dr. Hesham Said Alshaer, assistant professor of obstetrics and gynecology, for his excellent collaboration and suggestions which have been of great help in the preparation of this work.

No words can describe my deep gratitude to Dr. Mohamed Hamam Abd manaf, lecturer of obstetrics and gynecology, for his close supervision of this work, continuous guidance and unlimited help.
