PHARMACOGNOSTICAL STUDY OF *TECOMA MOLLIS* HUMB. & BONPL. (*T. VELUTINA*, LINDL, *T. STANS* VAR. *VELUTINA*, HORT.) CULTIVATED IN EGYPT, FAMILY BIGNONIACEAE

A THESIS

Presented By

Wael Mostafa Abdel-Mageed

(B. Pharm. Sciences, Assiut University, Assiut 1997)

SUBMITTED FOR THE PARTIAL FULFILLMENT OF THE
REQUIREMENTS FOR THE MASTER DEGREE IN
PHARMACEUTICAL SCIENCES (PHARMACOGNOSY)

Under the Supervision of

Prof. Dr. *Nasr A. El-Emary*

Professor of Pharmacognosy

Faculty of Pharmacy

Assiut University

Prof. Dr. *Azza A. Khalifa*

Professor of Pharmacognosy

Faculty of Pharmacy

Assiut University

Dr. *Enaam Y. Backheet*

Associate Professor of Pharmacognosy

Faculty of Pharmacy

Assiut University

Pharmacognosy Department

Faculty of Pharmacy,

Assiut University

Assiut, Egypt

2002

B 7112

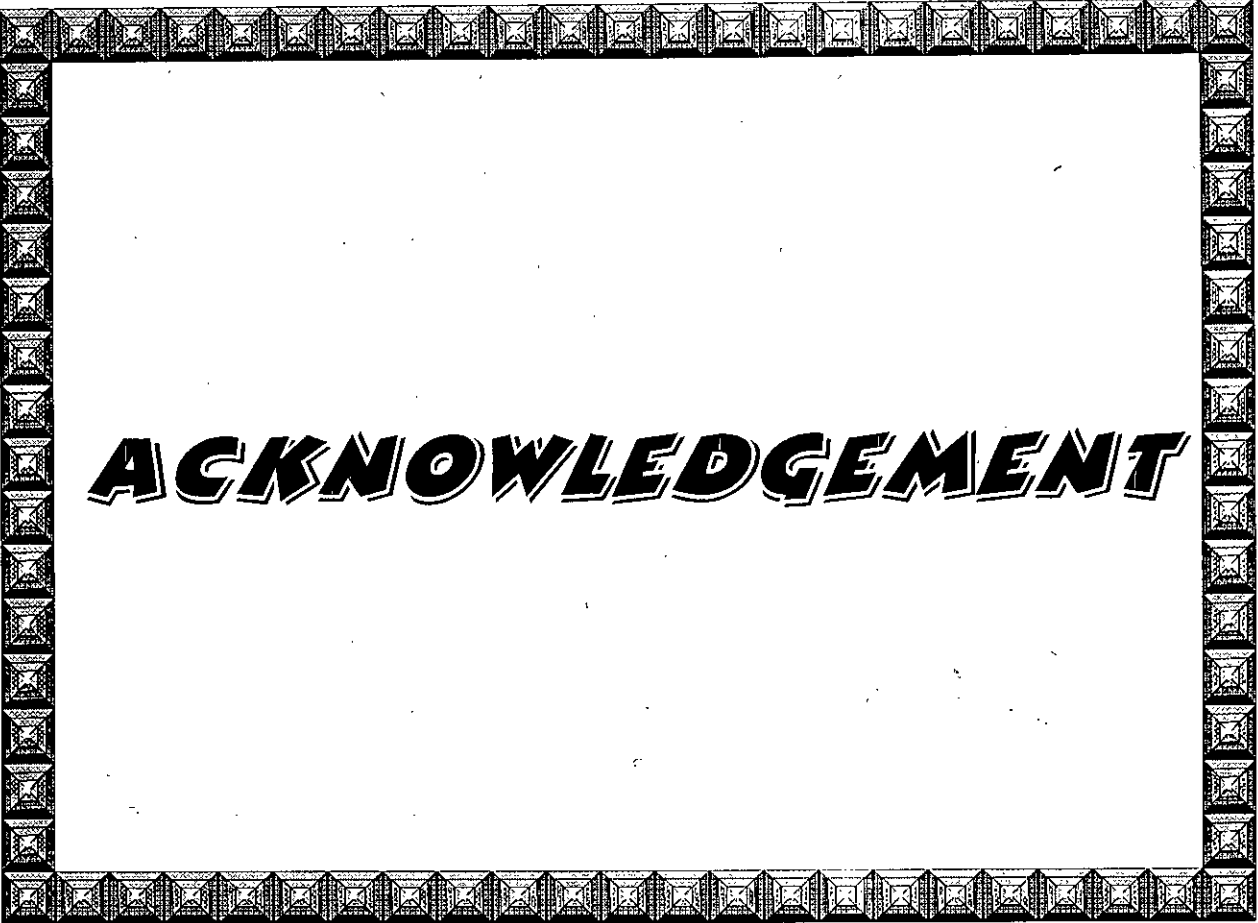

"نرفع درجات من نشاء وفوق كل
فؤاد علم عليم"

صدق الله العظيم

"سورة يوسف آية ٧٦"

A decorative rectangular border with a repeating geometric pattern of squares and diamonds, surrounding the central text.

To
My Family

ACKNOWLEDGEMENT

ACKNOWLEDGEMENT

To the almighty God *ALLAH* who have granted me all these graces to fulfill this work and who supported and blessed me by his power and his mercy in all my life. To Him I extend my heart felt thanks.

I would like to express my hearty appreciation, sincere thanks and great indebtedness to *Prof. Dr. Nasr A. El-Emary*, Professor of Pharmacognosy, Faculty of Pharmacy, Assiut University, for suggesting the subject of this research, admirable supervision, direct guidance, great help, valuable support and the presentation of this work.

I am greatly indebted to *Prof. Dr. Azza A. Khalifa*, Professor of Pharmacognosy, Faculty of Pharmacy, Assiut University, for her kind supervision, great help, continuous guidance, valuable discussion and her encouragement in this work.

I am greatly indebted to *Dr. Enaam Y. Backheet*, Associate Professor of Pharmacognosy, Faculty of Pharmacy, Assiut University, for her great help, kind supervision, valuable information, continuous guidance, and helpful discussion in this work.

I am thankful to *Prof. Dr. Gamal A. Saleh*, Professor of Analytical Pharmaceutical Chemistry, Faculty of Pharmacy, Assiut University, for his help in carrying out the UV spectral analysis.

I am also thankful to *Dr. Alaa A. Khalifa*, Organic Pharmaceutical Chemistry Department, Faculty of Pharmacy, Assiut University, for carrying out the 500 MHz NMR spectral analysis.

I wish to express my hearty appreciation and sincere thanks to *Prof. Dr. Mahmoud H. Abd-El-Raheem*, the Head of Pharmacology Department, Faculty of Medicine, Assiut University, for the facilities,

great help and assistance given throughout the biological and pharmacological studies.

I am thankful to *Prof. Dr. Gamal Taha*, Department of Horticulture, Faculty of Agriculture, Assiut University, for identification and providing the plant sample.

I am thankful to *Prof. Dr. Afaf M. Abd El-Baky*, the Head of Pharmacognosy Department, Faculty of Pharmacy, Assiut University, for the facilities, great help and encouragement throughout this work.

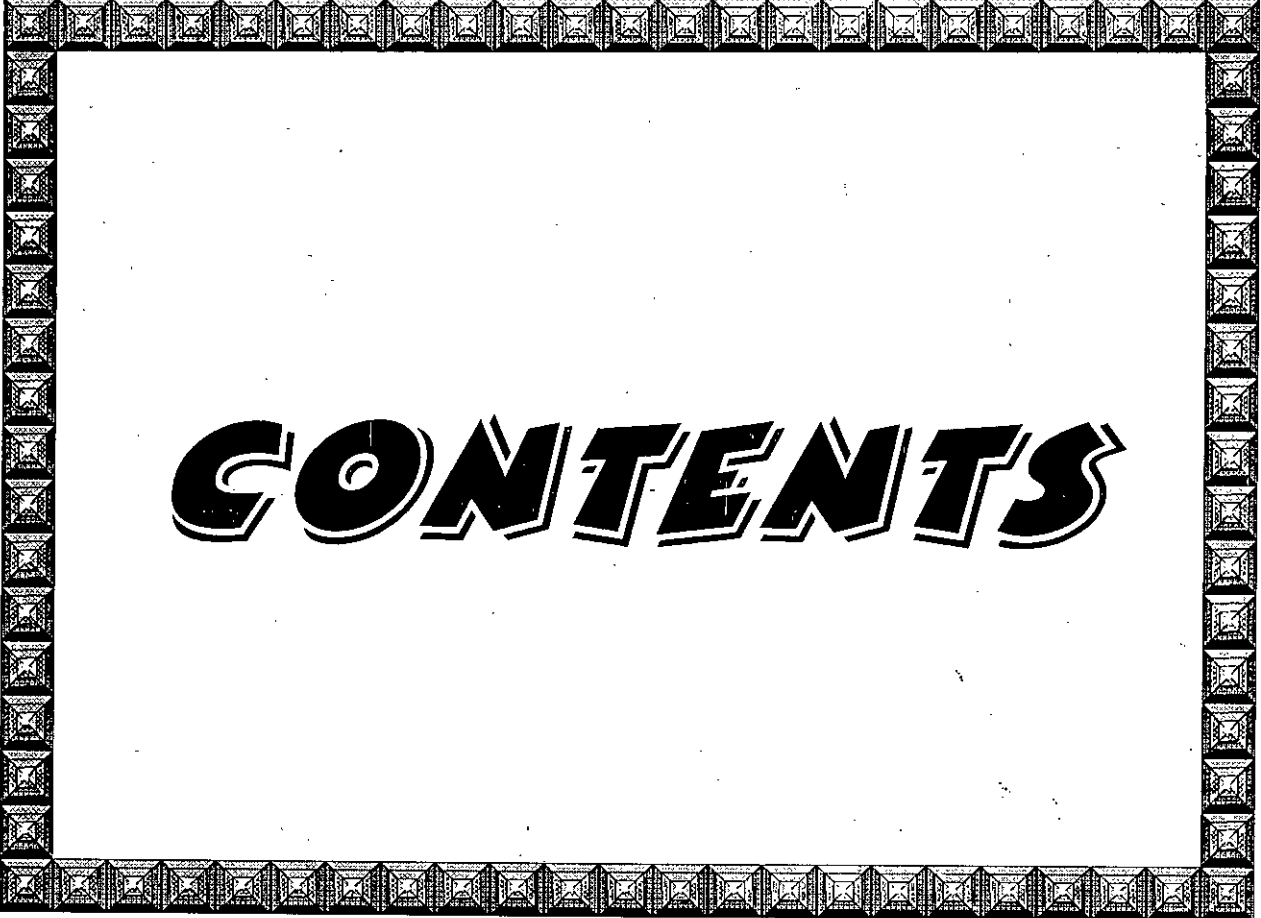

I am also thankful to *Prof. Dr. Mahmoud A. Ramadan, Dr Zedan Z. Ibraheim, Dr. Faten M. Darwish, Dr. Amany S. Ahmed* and all members of Pharmacognosy Department, Faculty of Pharmacy, Assiut University, for the facilities, encouragement and support given throughout this study.

My deep thanks to all my colleagues, technical staff and every body who contributed in bringing this work to completion.

I am grateful and indebted to *my dear parents, my brothers and my sister* for their hearty feeling and encouragement during the preparation of this work.

I would like to express my hearty appreciation, sincere thanks and great indebtedness to my fiancée for her encouragement, hearty feeling and great support during the preparation of this work.

Wael Mostafa Abdel-Magced

CONTENTS

CONTENTS

	Page
INTRODUCTION	1
Uses and biological effects of <i>Tecoma</i> species	2
REVIEW OF LITERATURE.....	4
TAXONOMY.....	26
AIM OF THE WORK.....	30
MATERIALS, APPARATUS AND TECHNIQUES.....	31

PART I

Botanical Study of *Tecoma mollis* (Humb. & Bonpl.)

Chapter I: Macromorphology of <i>Tecoma mollis</i>	40
- The leaf	40
- The stem.....	42
- The stem bark.....	42
Chapter II: Micromorphology of <i>Tecoma mollis</i>	44
- Micromorphology of the leaflet.....	44
- Micromorphology of the petiolule	54
- Micromorphology of the rachis and petiole	54
- Micromorphology of the stem	64
- Micromorphology of the stem bark	73

PART II

Phytochemical Study of *Tecoma mollis* (Humb. & Bonpl.)

Chapter I: Preliminary phytochemical screening of the powdered leaves, stems and stem bark	80
--	----

Chapter II: Extraction, fractionation and isolation of the	
constituents of <i>Tecoma mollis</i> leaves.....	83
1. Extraction and fractionation of the powdered leaves	83
2. Isolation of the main constituents of the n-hexane fraction	
of <i>Tecoma mollis</i> leaves	84
3. Isolation of the main constituents of the chloroform fraction	
of <i>Tecoma mollis</i> leaves	89
4. Isolation of the main constituents of the ethyl acetate	
fraction of <i>Tecoma mollis</i> leaves	92
5. Isolation of the main constituents of the n-butanol fraction	
of <i>Tecoma mollis</i> leaves	95
Chapter III: Identification of the isolated compounds of	
<i>Tecoma mollis</i> Humb. & Bonpl.	100
I) Identification of the compounds isolated from the	
n-hexan fraction	100
- Identification of compound T1	100
- Identification of compound T2	101
- Identification of compound T3	112
- Identification of compound T4	115
- Identification of compound T5	127
II) Identification of the compounds isolated from the	
chloroform fraction.....	140
- Identification of compound T6	140
- Identification of compound T7	153
III) Identification of the flavonoids isolated from ethyl acetate	
and n-butanol fractions	161
- Identification of compound F1	161

	Page
- Identification of compound F2	169
- Identification of compound F3	178
- Identification of compound F4	187

PART III

Investigation of Some Pharmacological Effects of the Different

Extracts of *Tecoma mollis* (Humb. & Bonpl.)

Preparation of the different extracts of <i>Tecoma mollis</i> leaves	196
1) A. Anti-inflammatory activity	197
B. Analgesic activity	204
1- Writhing test	204
2- Hot plate test.....	206
C. Antipyretic activity	209
2) Activity on the central nervous system	214
i) Effects on spontaneous motor activity	214
ii) Effects on rectal temperature.....	217
iii) Anticonvulsant effect	220
3) Acute toxicity in mice	224
