ACKNOWLEDGMENTS

Thanks to **Allah**. Most merciful and most compassionate.

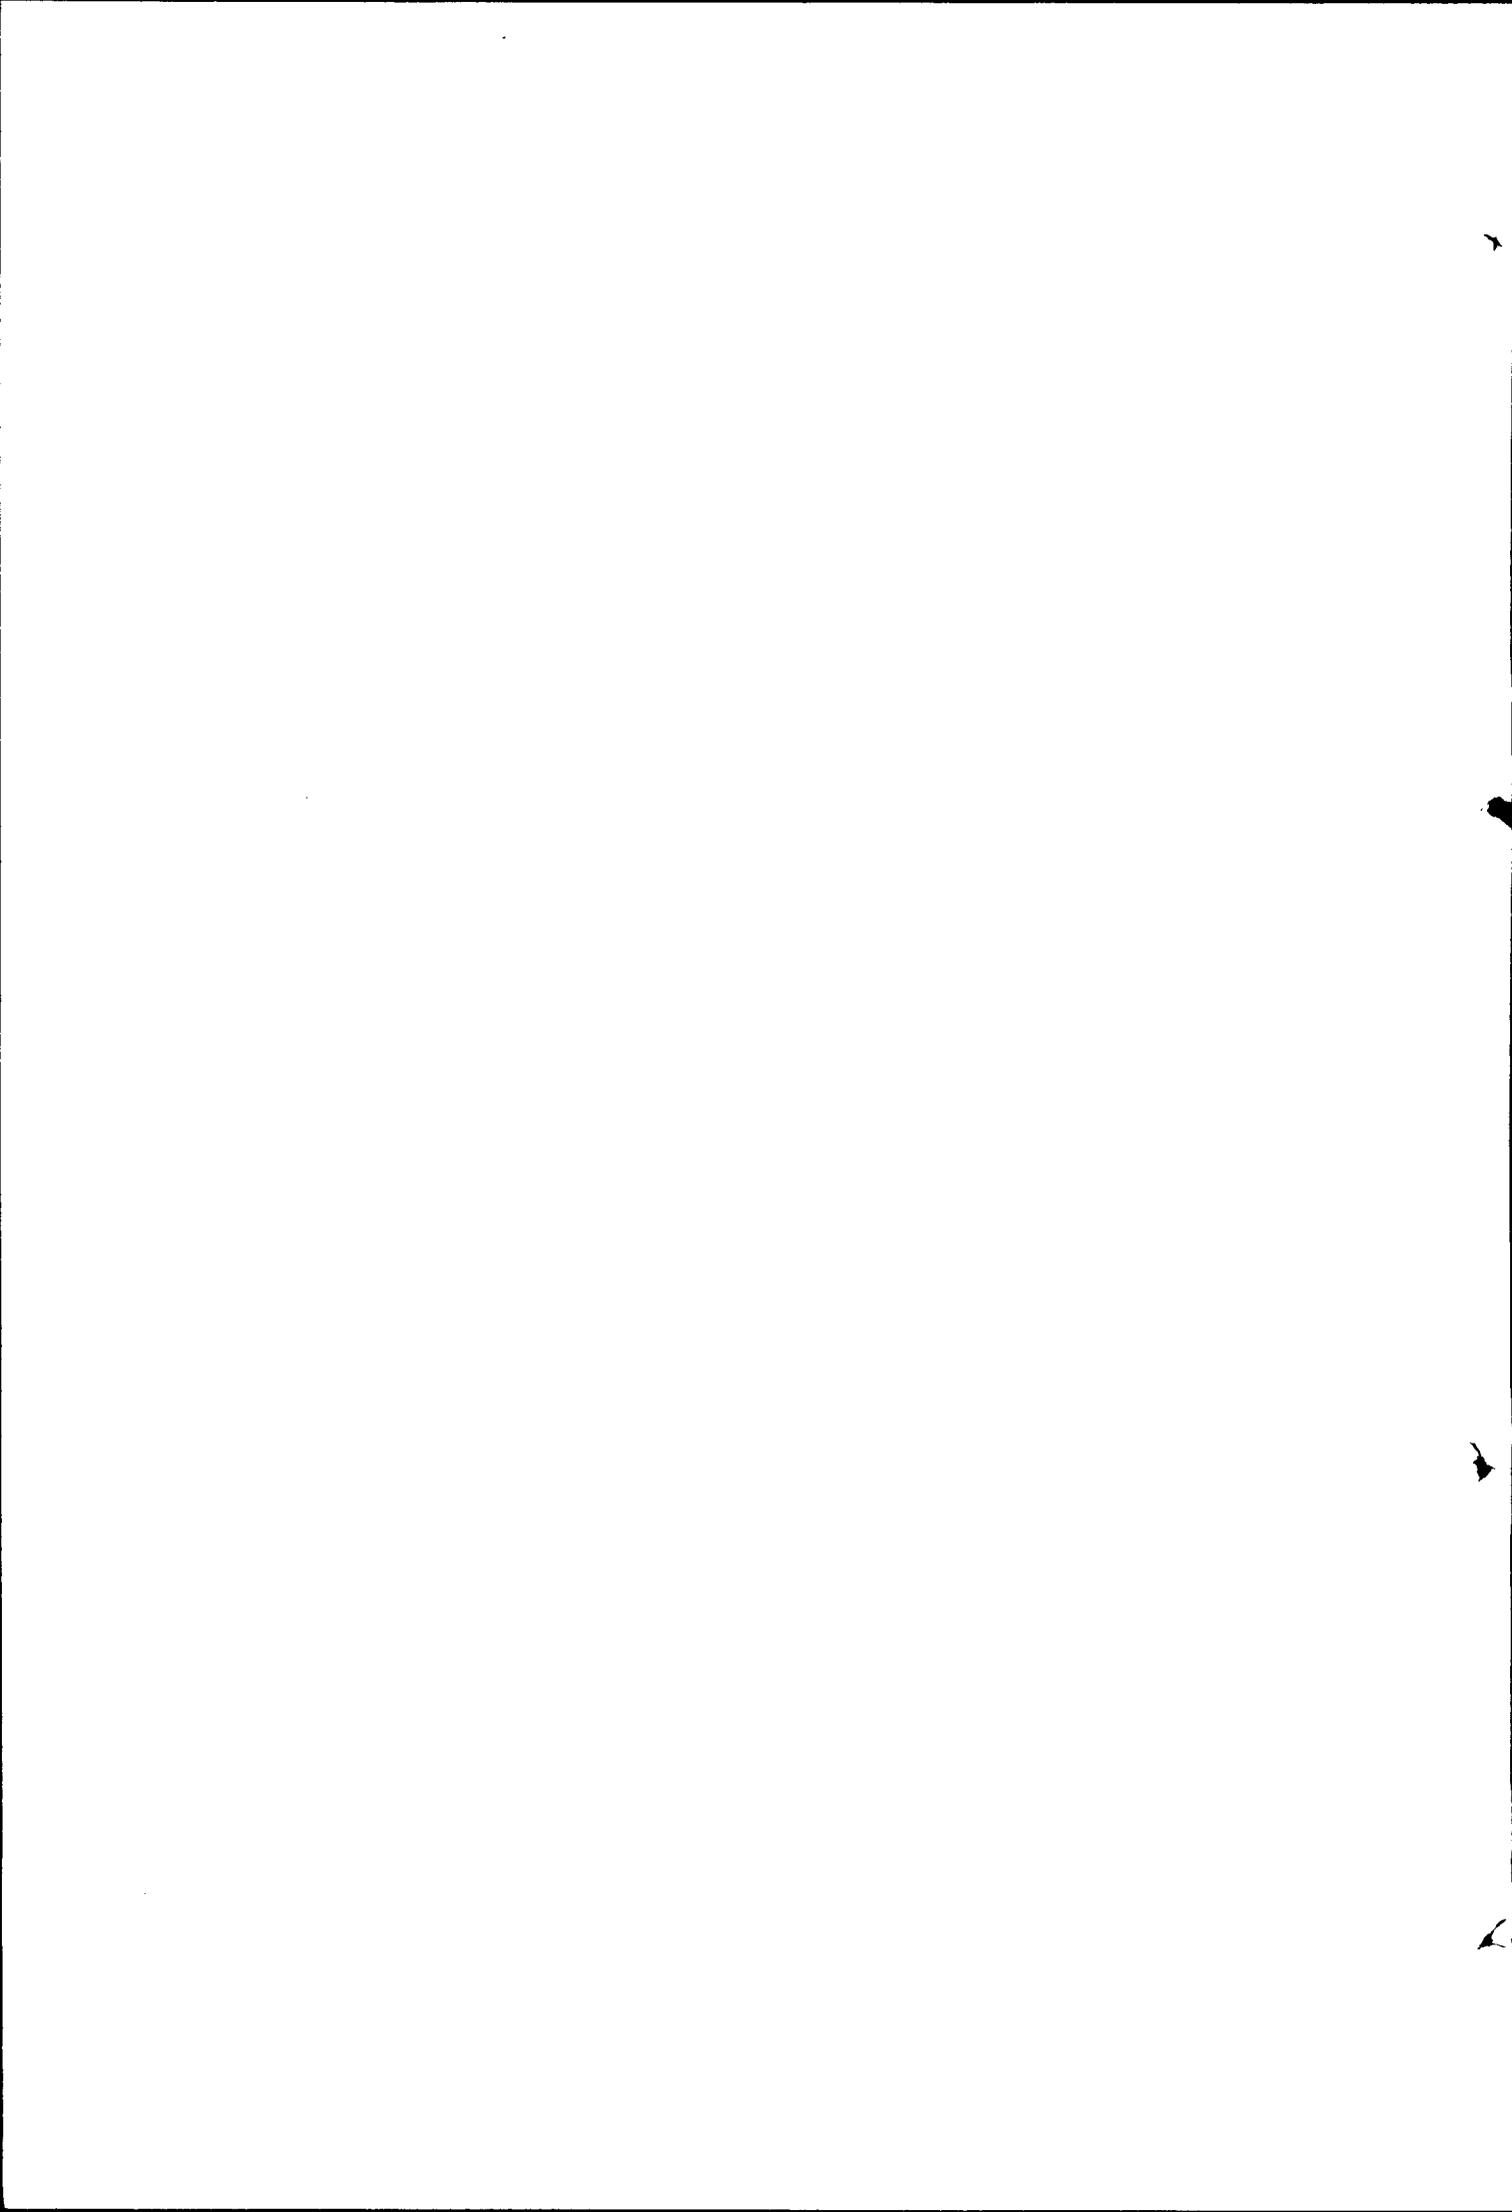

I am delighted to express my deep gratitude to **Prof. Dr Zeinab Nabawy** Prof. of Nursing Administration, Faculty of Nursing, Alexandria University, for her planning ideas, unmatched guidance, continuous encouragement, valuable advice, sincere help, meticulous review and in general, suggesting the subject. It is a great honor to work under her supervision.

I wish to express my deep appreciation to **Prof. Dr. Sanaa Abdel-Aziz** Prof. of Psychiatric and Mental Health Nursing, Faculty of Nursing, Alexandria University, for her valuable comments, suggestions that helped me much in the accomplishment of this thesis.

Also, I would like to express my deep appreciation to **Dr. Azza Hassan** Assistant Prof. of Nursing Administration, Faculty of Nursing, Alexandria University, for her cooperation, support and guidance throughout the research process

I am also indebted to **Prof. Dr. Khalil Mohamed El-Kashlan** Professor of Public Health, Faculty of Medicine, Tanta University, for his valuable consultation and contribution regarding the statistical presentation.

Last, but no the least, I am grateful to my family and my friends for their tolerance understanding, unfailing support in all occasions extended to me for this study undertaking.
