A Comparative Study of the Haemodynamic Effects of Urapidil and Sodium Nitroprusside in Deliberate Hypotension During General Anaesthesia

Thesis Submitted for Partial Fulfillment of
M.D. Degree in Anaesthesiology

By

Hazem Khattab Sayed Ahmed

M.B., B.Ch., M.Sc. Anaesthesiology

Supervised by

Prof. Dr. Salwa Mehanny

Prof. of Anaesthesia and Intensive Care
Faculty of Medicine - Ain Shams University

Prof. Dr. Hussein Sabri

Prof. of Anaesthesia and Intensive Care
Faculty of Medicine - Ain Shams University

Prof. Dr. Raffat Abdel Azeem

Prof. of Anaesthesia and Intensive Care
Faculty of Medicine - Ain Shams University

Dr. Fouad Zahra

Assist. Prof. of Anaesthesia and Intensive Care
Faculty of Medicine - Ain Shams University

إنك أنت العليم الحكيم**

صدق الله العظيم

سورة البقرة- الآية: ٣٢

32

Acknowledgment

First of all, thanks to God, without his help, this work could not be accomplished.

I would like to present my sincere thanks and appreciation to Prof. Dr. Salwa Mehinny, Prof. of Anaesthesia and Intensive Care, Faculty of Medicine, Ain Shams University, for her great help, continuous support, meticulous supervision and fruitful guidance throughout this work.

I would like to express my gratitude to Prof. Dr. Hussein Sabri, Prof. of Anaesthesia and Intensive Care, Faculty of Medicine, Ain Shams University, who gave me the privilege of working under his supervision, his continuous guidance and worthy remarks are beyond words of thanks.

Also I would like to thank Prof. Dr. Raffat Abdel Azeem, Prof. of Anaesthesia and Intensive Care, Faculty of Medicine, Ain Shams University, for his sincere help and thorough revision of every detail in this work. I am truly grateful for him for his unlimited support and help through the whole work.

Words stand short when coming to express my gratefulness to Prof. Dr. Fouad Zahra, Assist. Prof. of Anaesthesia and Intensive Care, Faculty of Medicine, Ain Shams University, for his unlimited knowledge and kind criticism.

Hazem Khattab
