

Assessment of oral health status and implementation of an educational program in a group of Egyptian epileptic children

Thesis

Submitted to the Department of Pediatric Dentistry and
Dental Public Health
Faculty of Dentistry
Ain Shams University

In
Partial fulfillment of the requirements of the Master Degree in
Pediatric Dentistry

By

Heba El Sayed Imam Morgan

B.D.S, Faculty of Dentistry, Ain Shams University, 2010
Teaching Assistant, Faculty of Dentistry, Future University in
Egypt

2017

Supervisors

Prof. Noha Samir Kabil

Professor, Pediatric Dentistry and Dental Public Health
Department
Faculty of Dentistry

Dr. Iman Ali Abd El Hamid

Assistant professor, Pediatrics Department
Faculty of Medicine
Ain Shams University

Acknowledgment

I would love to express my deepest thanks and appreciation to ***Professor Dr. Noha Samir Kabil***, Professor of Pediatric Dentistry, Dental Public Health and Community Dentistry, Faculty of Dentistry, Ain Shams University. Her, continuous instructions, guidance, tolerance, support and last but not least her inspiration will always be deeply cherished.

I would also like to express my special gratitude and thanks to ***Dr. Reham Khaled Aboel Fadl***, lecturer of Pediatric Dentistry, Dental public Health and Community Dentistry, Faculty of Dentistry, Ain Shams University, not only for her patience, care, persistence and endless encouragement; but also for her confidence in me.

I would also like to thank ***Dr. Eman Ali***, assistant professor of pediatrics department, Faculty of Medicine, Ain Shams University for her guidance, help and continuous efforts.

I would like to thank my dear professors, colleagues and staff members of Pediatric Dentistry, Dental Public Health and Community Departments of both Future University in Egypt and Ain shams university, for their great support, encouragement and cooperation.

Dedication

Mother & Father,

It is only because of your support, love and guidance I am standing here today. I am extremely grateful and thankful for all you provided me in the past and continue to provide me today. Although your type of involvement has gone through many phases, one thing has never changed; your commitments to assisting me to become the best person I can. I love you beyond words can express.

My Husband,

You have been a constant source of support and encouragement during the challenges of my master degree. I am truly thankful of having you in my life, without your help, understanding and love, I wouldn't have been standing here today.

My Sister

Without your patience, encouragement and design work abilities, this thesis would not have been possible. You always managed to be by my side the whole time. You have my wholehearted thanks.
