

**STUDIES ON GROWTH AND PRODUCTION OF
WITHANIA SOMNIFERA L.PLANT UNDER
EGYPTIAN CONDITIONS**

By

MONA HELMY MOHAMED HEGAZY NASR

B.Sc. Agric. Sc. (Horticulture), Ain Shams University, 2000

M.Sc.Agric .Sc.(Medicinal & Aromatic Plants), Ain Shams University, 2005

**A Thesis Submitted in Partial Fulfillment
of
the Requirements for the Degree of**

DOCTOR OF PHILOSOPHY

in

**Agricultural Science
(Medicinal & Aromatic Plants)**

**Department of Horticulture
Faculty of Agriculture
Ain Shams University**

2012

Approval Sheet

**STUDIES ON GROWTH AND PRODUCTION OF
WITHANIA SOMNIFERA L.PLANT UNDER
EGYPTIAN CONDITIONS**

By

MONA HELMY MOHAMED HEGAZY NASR

B.Sc. Agric. Sc. (Horticulture), Ain Shams University, 2000

M. Sc. Agric.Sc.(Medicinal and Aromatic Plants), Ain Shams University, 2005

This Thesis for Ph.D. Degree has been approved by:

Dr. Emam Mohamed Saber Nofal

Prof. Emeritus of Ornamental and Medicinal& Aromatic Plants,
Faculty of Agriculture, Kafr El-Sheikh University

Dr. Sohir El-Sayed Mohamed Hassan

Prof. Emeritus of Ornamental and Medicinal& Aromatic Plants,
Faculty of Agriculture, Ain Shams University

Dr. Awaad Mohamed Kandeel

Prof. Emeritus of Ornamental and Medicinal& Aromatic Plants,
Faculty of Agriculture, Ain Shams University

Dr. Khairy Mohamed El-Gamassy

Prof. Emeritus of Ornamental and Medicinal& Aromatic Plants,
Faculty of Agriculture, Ain Shams University .

Date of examination: 15 / 5 / 2012.

**STUDIES ON GROWTH AND PRODUCTION OF
WITHANIA SOMNIFERA L.PLANT UNDER
EGYPTIAN CONDITIONS**

By

MONA HELMY MOHAMED HEGAZY NASR

B.Sc. Agric. Sc. (Horticulture), Ain Shams University, 2000

M.Sc.Agric.Sc.(Medicinal and Aromatic Plants), Ain Shams University, 2005

Under the supervision of :

Dr. Khairy Mohamed El-Gamassy

Prof. Emeritus of Ornamental and Medicinal& Aromatic Plants,
Dept.of Horticulture, Faculty of Agriculture, Ain Shams University
(Principal Supervisor).

Dr. Awaad Mohamed Kandeel

Prof. Emeritus of Ornamental and Medicinal& Aromatic Plants,
Dept. of Horticulture, Faculty of Agriculture, Ain Shams University.

Dr. Mohamed Salah Hussein

Research Prof. Emeritus of Medicinal& Aromatic Plants -Medicinal
& Aromatic Research Dept., National Research Center.

ACKNOWLEDGMENT

Beginning I would thank (Allah,), the most gracious, most merciful for the help and guidance to achieve goals and make them possible.

I am grateful to **Prof. Dr. Khairy Mohamed El-Gamassy**, Professor of Ornamental, Medicinal and Aromatic plants, Faculty of Agriculture, Ain Shams University, for his supervision, , indispensable advice, continuous supervision, support, valuable comments, guidance, and constructive criticism during performance of this investigation.

I wish to express my *indebtedness and profound gratitude to Prof. Dr. Awaad Mohamed Kandeel* ,*Professor of Ornamental, Medicinal and Aromatic plants, Faculty of Agriculture, Ain Shams University,* for his indispensable advice, valuable comments and constructive criticism during the performance of this investigation.

I wish to express my sincere appreciation and deepest gratitude to **Prof. Dr. Mohamed Salah Hussein** Professor of Medicinal and Aromatic Plants Dept., National Research Centre , for his supervision, advice and valuable instructions throughout the course of the study, providing all necessary facilities required for the experimental work, continuous help and encouragement.

My sincere gratitude and appreciation to **Prof. DR. Mohamed Fared Abd -El Fataah** Professor of Natural and Microbial Products Dept., National Research Centre for his helping, and valuable guidance.

Cordial thanks are expressed to all staff members of the Medicinal and Aromatic Plants Research Dept., National Research Centre

Finally, I dedicate this work to whom my heart felt thanks; to sole of my Father **Helmy Hegazy** for his advices ,encouragement, as well as to my **Mother , brothers and sisters** for kind help and all the support they lovely offered along the time of my **Ph.D.** thesis.
