## ACKNOWLEDGEMENT

At first, thanks to my god who gives me everything I have.

I wish to express my deepest appreciation and profound gratitude to Dr. *Mohamed A. Nafeh* professor and chairman of Tropical Medicine, Faculty of Medicine, Assiut University, under whose kind guidance and keen supervision the entire work was carried out.

It is great pleasure to record my thanks for his encouragement that has contributed so much to preparation of this work.

It is great pleasure to express my sincere acknowledgement to Dr. *Ali H. Zaroor* professor of Public Health and Epidemiology, Faculty of Medicine, Assiut University for kind help, valuable discussion and encouragement throughout the work.

It is great pleasure to record my best thanks to Dr. *Hamdy M. Moustafa* assistant professor of Tropical Medicine AL-Azhar University for his kind guidance, continuous encouragement throughout this study, giving me generously much of his time and effort without which this work could not have been accomplished.

I can not forget to thank Dr. *Farag M. Mostah* assistant professor of Public Health and Epidemiology for his help and continuous guidance throughout statistical analysis and production of this work.

I am glad to express my deepest thanks to my professors and my colleagues in Tropical Medicine Department, particularly Dr. *Yousef M. Sweefy* and Dr. *Osman A. Osman* for their help and kind advice.

*Mohamed Abdel Rahman*
