# Acknowledgment

I would like to express my deepest gratitude to **Prof Dr. Mohamed Mohamed Abd El-Fattah**, Professor of Biochemistry Faculty of Science, Ain Shams University, for the continuous guidance, the fatherly encouragement, unlimited advice, and helpful criticism all through this work.

I wish I can express my endless gratitude to Prof. Dr. **Nabila Anwer El-Sheikh**, Professor of Microbiology department, Faculty of Medicine for Girls, Al-Azhar University, She gave me time, effort and experience in science and life. Her close follow-up, planning, care, and precious advices were very much constructive to me. I shall remain indebted to her for the rest of my life.

I would like to extend my thanks and gratitude to my colleagues and friends of the Molecular Immunology Unit (MIU), Microbiology department, Faculty of Medicine for Girls, Al-Azhar University, for their continuous cooperation and encouragement during the course of the study.

I am grateful to the Academy of Science and Technology, Egypt, for making this work possible.

Finally, I do express my love and gratitude to my family for their patience, understanding, and encouragement during my study.
