Evaluation of some wheat genotypes and its hybrids to drought tolerance

By

Ebaa Mohamed Ali Khalifa

B.Sc. Agric. (Agron.) Assiut Univ. (1999)

THESIS

**Submitted in Partial Fulfillment of the
Requirements for the Degree of**

MASTER OF SCIENCE

In

AGRONOMY

**Department of Agronomy
Faculty of Agriculture
Assiut University**

2006

Supervised by:
Prof. Dr. A.A. Ismail
Dr. T.A. Ahmed
Dr. M.B. Tawfils

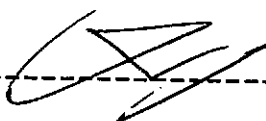

Examined by:
Prof. Dr. M.Z. El-Hifny
Prof. Dr. H.H. El-Hinnawy
Prof. Dr. A.A. Ismail

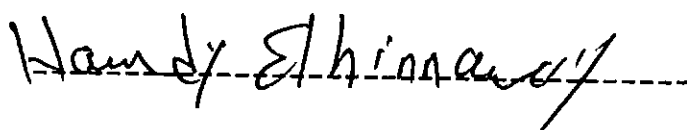

APPROVAL SHEET

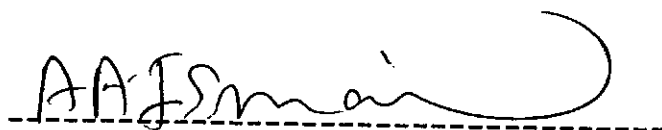

Title : Evaluation of some wheat genotypes and their hybrids to drought tolerance

Name: Ebaa Mohamed Ali Khalifa

This thesis for M.Sc. degree has been
Approved by:

(Committee in charge)

Date: 1/3/ 2006

ACKNOWLEDGEMENT

ACKNOWLEDGMENT

I would like to express my sincere thanks and gratitude to *Prof. Dr. Abdel-Azeem Ahmed Ismail*, Professor of Agronomy, Faculty of Agriculture, Assiut University, who suggested the idea of this work. His expert guidance and illuminating discussions and remarks have added much to my knowledge. Indeed without his help this work would never have come to light.

I also feel deeply obliged to *Dr. Talaat Abdel-Fattah Ahmed*, Assistant Professor of Agronomy, Faculty of Agriculture, Assiut University, for his great effort in supervising the laboratory investigations of this study, I stand in great debt for all what he did.

I am also grateful to *Dr. Moris B. Tawfils*, Res. Sec., ARC, for his sympathetic attention, and continuous encouragement throughout this work.

Lastly, but not the least, I tender my most appreciative and grateful thanks to all who contributed to this work.
