مع أسس آيات التقدير والاحترام
أحمد عبد الكريم

﴿ قَالُوا سُبْحَانَكَ لَا عِلْمَ لَنَا إِلَّا مَا عَلَّمْتَنَا إِنَّكَ أَنْتَ الْعَلِيمُ الْحَكِيمُ ﴾

سورة البقرة آية: (٣٢)

Thanks at all times, first and foremost, before and above all, to *ALLAH*, the Great Almighty, the most merciful, the most gracious, who bestowed upon me countless blessings and gave me the strength and perseverance to undertake and complete this study successfully.

I would like to express my deepest gratitude and indebtedness to *Prof. Frouk Lotaif*, Professor of Psychiatry, Ain Shams University, for his enthusiastic supervision, support and encouragement from the beginning and through out this work which I hope, in its final form, will meet his expectations.

My thanks and gratitude are also due to *Prof. Sheikh Idris Abdel Rahim*, Professor of Psychiatry, King Faisal University, Saudi Arabia, who provided me with valuable supervision and guidance, and generously spent a lot of his busy time providing his expert statistical advice, clinical comments and interpretations of the results.

Sincere thanks and deep appreciations are also due to *Prof. Mohamed Refaat Al Fiky*, Professor of Psychiatry, Ain Shams University, for his patient meticulous review and constructive criticism of every detail throughout this work.

Similarly I would like to thank *Dr. Tarek Asaad*, Ass. Professor of Psychiatry, Ain Shams University for his help providing the psychometric tools, advice on their use, and valuable critical revisions and comments.

My Thanks and gratefulness are due to *Dr. Maha Sayed* As. Prof. Of Psychiatry, Ain Shams Universty for her kind support and help.

I owe special gratitude and deep appreciation to *Prof. Adel Sadek*, Chairman of the Institute of Psychiatry, Ain Shams University, whose sincerity, support and encouragement were the most powerful motivations behind the completion of this work.

My thanks and gratefulness extend to all my teachers and colleagues in the Institute of Psychiatry for their kind support and help.

Also, my thanks and gratitude go to *Dr. Mahdi S. Abu Madini*, Ass. Prof. and Chairman of the Psychiatry department of King Faisal University for giving me the chance and support, to conduct and accomplish the study.

Last but not least, my profound indebtedness and gratitude are kept for my mother, my wife and my children who gave me a lot of encouragement, enthusiasm and sacrifice.

Ahmed Abdel Karim

September 2001.

CONTENTS

<u><i>Title</i></u>	<u><i>Pg. #</i></u>
ACKNOWLEDGMENT.	I
CONTENTS	III
LIST OF TABLES.	V
LIST OF FIGURES	VII
INTRODUCTION	1
CHAPTER 1 : REVIEW OF LITERATURE.	3
1. HISTORY OF OCD	4
2. CLASSIFICATORY SYSTEMS.	8
3. SYMPTOMATOLOGY	12
- General Description.	12
- Obsessional Delusional Continuum	13
- Form and Content.	14
- Phenomenologic Clusters (subtypes).	17
- Unusual Presentations.	24
- Course and Prognosis.	25
4. COMORBIDITY AND RELATED DISORDERS	26
- Axis-I Comorbidity.	26
- Axis-II Comorbidity.	30
- Obsessive Compulsive Related Disorders	32
5. SOCIO-CULTURAL ASPECTS OF OCD.	36
