Acknowledgment

First and foremost thanks to ALLAH for blessing this work until it has reached its end, as a little part of His generous help throughout my life.

I would like to express my deep appreciation and profound gratitude to Prof .Dr. Ehab El Sayed Hassanein , Professor and Head of the Endodontic department, Faculty of Dentistry, Ain Shams University, indeed this study owes much to his keen interest, beneficial advice, unlimited endless help, constant support and continuous encouragement through the conduction of this work,

I also wish to express my warmest and grateful thanks to Dr. Mohamed Mokhtar Nagy, Lecturer, Endodontic department, Faculty of Dentistry, Ain Shams University , for his continuous help, care, guidance, valuable advice, helpful directions and continuous interest through this work,

Many thanks and deepest appreciation to all my colleagues and members in the Endodontic Department, Faculty of Dentistry, Ain Shams University for their help, support and effort through the course of this work,

Dedication

I would like to dedicate this thesis to:

My Great Father and Mother, to whom I will never find adequate words to express my gratitude, my loving Wife for her support, help and tolerance, to my Dear Brother for his encouragement and guidance and to the Soul of my Beloved Grandfather, to whom I owe every accomplishment in my life.

“My Family, the greatest gift that ALLAH awarded me”.
