## ACKNOWLEDGEMENT

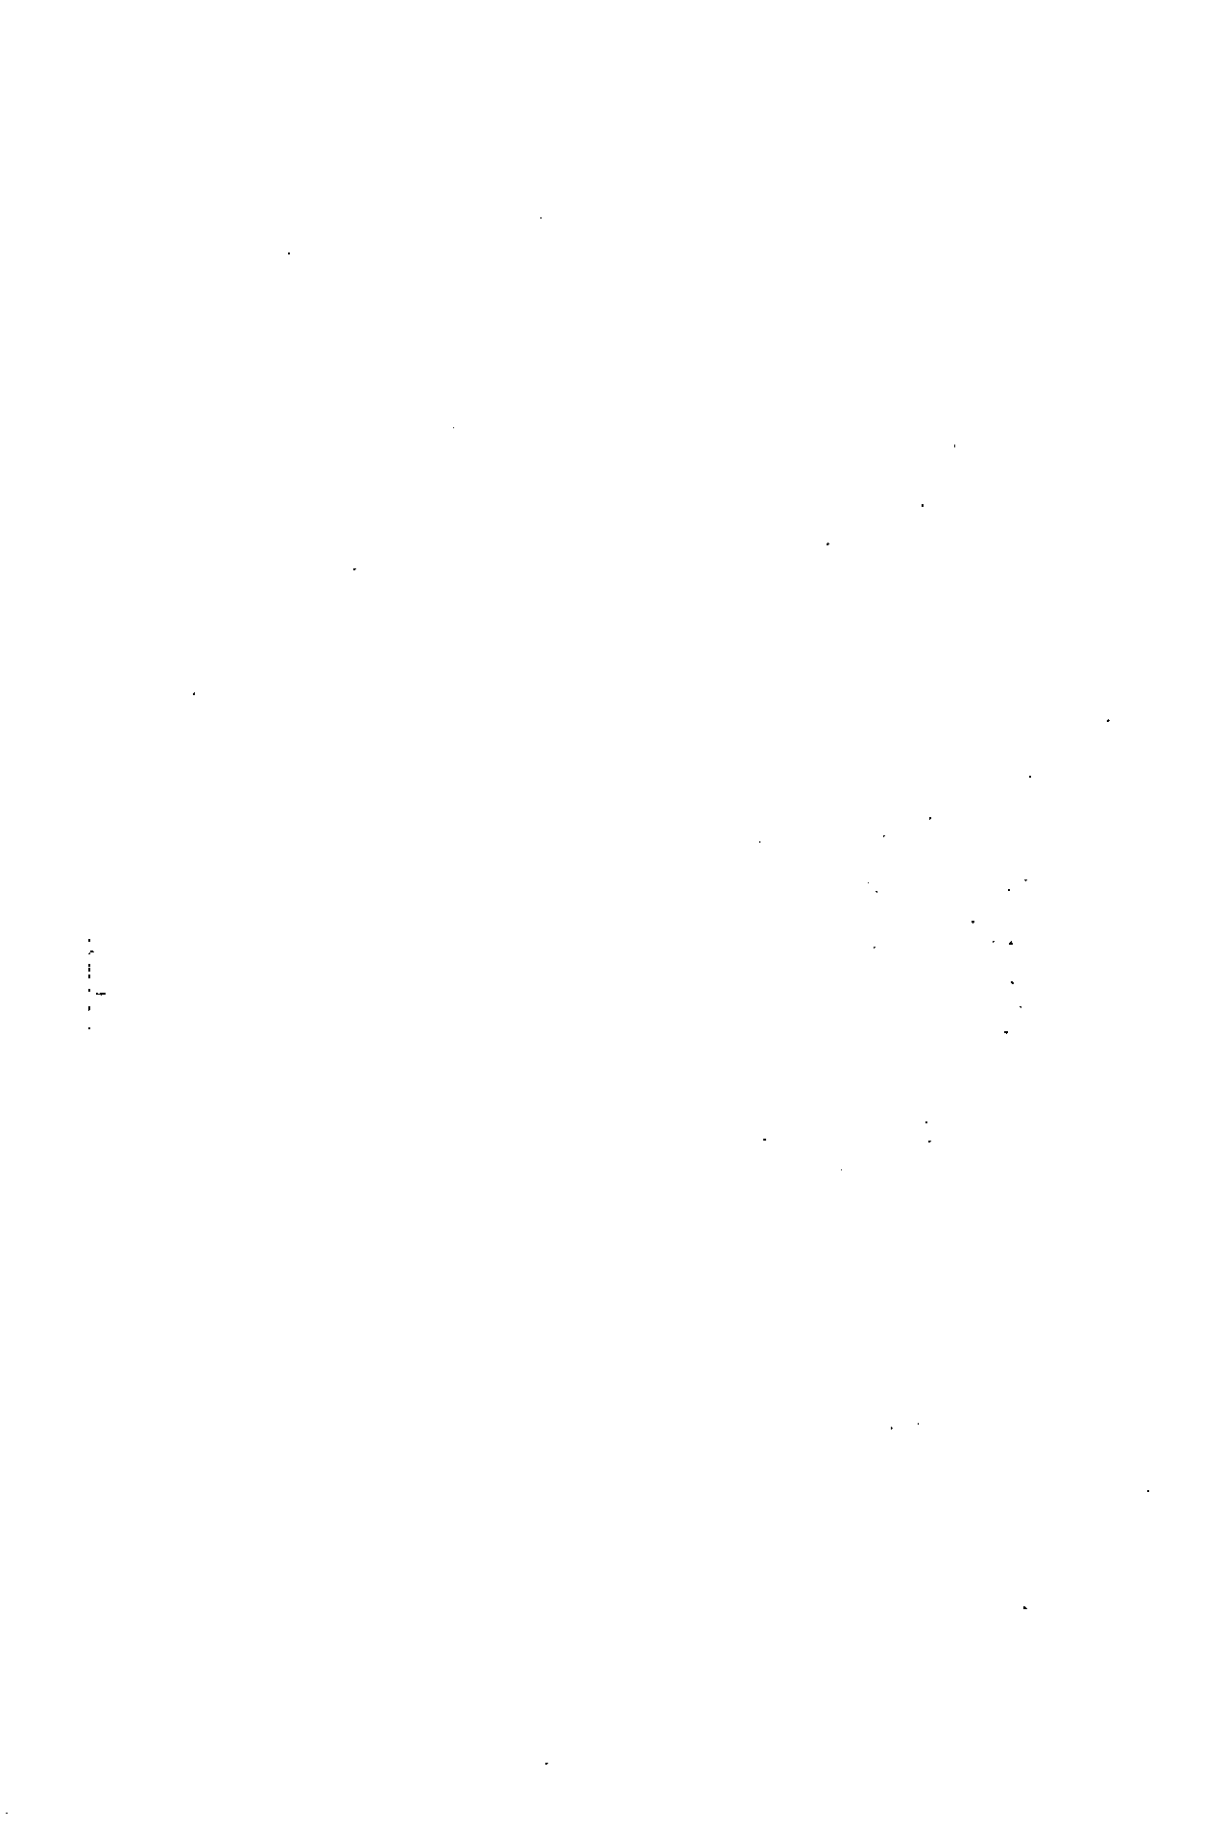

Praise to **ALLAH**, the Merciful, the Compassionate for all the countless gifts I have been offered. Of these gifts, those persons who were assigned to give me a precious hand as to be able to fulfill this review. Some of them will be cordially acknowledged.

I am much indebted to *Professor. Dr. Mahmoud Yousef El-Tahtawy*, Professor of Clinical Pathology Department, Assiut University, for his kind supervision, generous suggestions and support during the whole scope of work. His wise supervision gave me the invaluable opportunity to benefit from his faithful guidance and constant support. His endless help was an excellent guide to me.

I would like to express my immense gratitude and appreciation to *Dr. Maged Salah Mahmoud*, Assistant Professor of Clinical Pathology Department, Faculty of Medicine, Assiut University, for his sincere encouragement, keenly revised every part of the original and final form of this thesis, helpful advice, and being so patient with me along the course of this study.

I am grateful to every member of the Clinical Pathology Department, Faculty of Medicine, Assiut University for every precious assistance and support in the present.
