الآية ٧٦ من
سورة يوسف

*To my dearest parents, for their
invaluable support;
To my beloved son, my hope for
the future..*

ACKNOWLEDGEMENTS

Praise be to Allah, the Merciful, the Compassionate for all the countless gifts I have been offered. Of these gifts, those who were assigned to give a precious hand so as to fulfill this study. They deserve my due and cordial acknowledgement.

I am absolutely lucky to be supervised and directed by *Prof. Ali H. Zarzour*, Professor of Public Health and Vice Dean for Community and Environment Affairs, Faculty of Medicine, Assiut University, who kindly offered much of his precious time and the continued indispensable support through all parts of this thesis.

With considerable appreciation, I express my great indebtedness to *Prof. Kawsar A. Fadel*, Professor of Public Health, Faculty of Medicine, Assiut University for her authentic guidance and outstanding help during every step of this work.

I very much acknowledge *Prof. Abdel Ghaffar M. Ahmed*, Professor of Obstetrics and Gynecology, Faculty of Medicine, Assiut University for his sincere directions and continued help.

The researcher acknowledges the invaluable support of *Prof. Ezz El Dine Ossman*, the Executive Director of the Egyptian Fertility Care Society (EFCS), and the cooperation of all the staff members at the EFCS who facilitated the data collection and the logistic support largely needed during the practical part of this study.

A special gratitude is due to *Prof. Farida Mourshed Allam*, who was the Head of the Public Health Department at the time of the research, for her great support of my work, as well as all the staff members and colleagues. It is also noteworthy to thank all participants with met and unmet contraceptive needs whose contribution was the subject of this study.
