اسم الطالبة : نيهال عبد الفتاح عبد الواحد

الدرجة العلمية : ماجستير فى العلوم (علم الحيوان)

القسم التابع له: قسم علم الحيوان

اسم الكلية : كلية البنات للآداب والعلوم والتربية

الجامعة: عين شمس

سنة المنح : 2011

## ACKNOWLEDGEMENT

First and above all, I praise God, the almighty for providing me this opportunity and granting me the capability to proceed successfully.

This thesis appears in its current form due to the assistance and guidance of **Prof. Dr. Ola Serag El Din**. I would therefore like to offer my sincere thanks to **Prof. Dr. Ola Serag El Din**, Prof. of Endocrinology Zoology Department, Women's College for Arts, Science and Education, Ain Shams University, for my cordial thanks for accepting me as an M.SC. and Ph.D. student, for her warm encouragement, thoughtful guidance, suggesting and planning the work, for continuous help and valuable advice in the experimental part and revising the manuscript, critical comments, and correction of the thesis. She always believed in me and never hesitated to provide full support and monitoring me step by step through the whole research process.

***Dear Prof. Dr. / Ola*** thanks for your constant encouragement, valuable guidance, useful criticism, offering valuable advice and for your support during the whole period of the study, and especially for your patience and guidance during the writing process. I can just say without your supports and encouragements, I could not have finished this work. ***You were always like a mother to me and you will always be.***

Thanks are also to ***Dr. Batta Hamdy*** Assistant Prof. of Physiology- Zoology Department, Women's College for Arts, Science and Education, Ain Shams University, for her help and advice.

Finally, I warmly thank and appreciate ***my family*** for their material and spiritual support in all aspects of my life.
