EVALUATION OF SOME OLIVE CULTIVARS GROWN AT EL-MAGHARA REGION IN SINAI

By

Usama Hilmy Mohamed El-Gammal

B.Sc. Fac. of Agric. Saba Basha, Alexandria Univ., (1989)

Thesis

Submitted in Partial Fulfillment of the Requirements

For

The Degree of Master

In

Fruit Science

Department of Plant Production and Protection

Faculty of Environmental & Agriculture Sciences

El-Arish

Suez Canal University

(2003)

APPROVAL SHEET

EVALUATION OF SOME OLIVE CULTIVARS GROWN AT EL-MACHARA REGION IN SINAI

By

Usama Hilmy Mohamed El-Gammal

B. Sc. Agric. (Saba Basha). Fac. Agric. Alexandria, Univ. (1989)

This Thesis has been approved for M. Sc Degree by

Prof. Dr. Bahgat M. Helail

Professor of Fruit Science, Fac. Agric. Moshtohar,
Zagazig Univ.

Prof. Dr. Mohamed T. Abbas

Professor of Fruit Science, Fac. Agric. Ismailia,
Suez Canal Univ.

Prof. Dr. Ahmed A. M. Hussein

Professor of Fruit Science, Head of Plant Production Dept.
Desert Research Center.

Prof. Dr. Mohamed D. E. El-Deeb

Associate Professor of Fruit Science, Head of Environmental Sci. Dept.
Fac. Environmental Agric. Sci., El-Arish, Suez Canal Univ.

(Committee in charge)

SUPERVISION COMMITTEE

EVALUATION OF SOME OLIVE CULTIVARS GROWN AT EL-MAGHARA REGION IN SINAI

By

Usama Hilmy Mohamed El-Gammal

B. Sc. Agric. (Saba Basha). Fac. Agric. Alexandria, Univ. (1989)

Under Supervision:

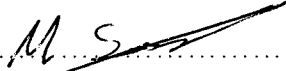

Prof. Dr. Mohamed D. E. El-Deeb

Associate Professor of Fruit Science, Head of Environmental Sci. Dept.

Fac. Environmental Agric. Sci., El-Arish, Suez Canal Univ.

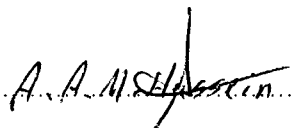

Prof. Dr. Mohamed M. Sourour

Associate Professor of Fruit Science, Fac. Environmental

Agric. Sci., El-Arish, Suez Canal Univ.

Prof. Dr. Ahmed A. M. Hussein

Professor of Fruit Science, Head of Plant Production Dept.,

Desert Research Center.

(2003)

ACKNOWLEDGMENT

"In the name of Allah, the most Gracious and the ever Merciful".

The author wishes to express his sincere thanks and deep gratitude to Dr. Mohamed D. El-Deeb, Associate professor of Fruit Science, Faculty of Environment Agricultural Sciences, El-Arish, Suez Canal University for his fruitful suppression, encouragement and valuable suggestion, continuous help and constrictive criticism.

The author wishes to express his immense gratitude and great thanks to Dr. Mohamed M. Sourour. Associate professor Fruit Science Faculty of Environment and Agricultural Sciences El-Arish Suez Canal University. For his valuable cooperation, kind guidance and encouragement.

I would like also to thank Dr. Ahmed A. Hussein Professor of Fruit Science, Desert Research Center, El-Matara, Cairo for sponsoring this work, suggesting the research problem, planning of this investigation, valuable discussion, active supervision.

Thanks are extended to all technicians at Desert Research Center at El-Matara for being always ready to help when needed.

Finally I cordially wish to place on recording special thanks to my beloved parents and wife for their sincere assistance throughout the course of accomplishing the research work.
