Table of Contents

- Acknowledgement	i
- List if abbreviations	ii
- List of tables	iv
- List of figures	v
- Introduction	1
- Aim of work.....	5
- Chapter 1	
Pathophysiology of thrombocytopenia in pregnancy...	9
- Chapter 2	
Peri-operative management.....	21
• Preoperative assessment and lines of treatment ...	23
• Choice of anesthesia/ analgesia	39
• Postoperative follow up and care	57
- Chapter 3	
Recent guidelines and recommendations	61
- References	69
- Arabic Summary	78

Acknowledgment

First, I would like to express how grateful I am to **God** for His countless blessings, one of which is finishing this work in this form.

Second, I would like to thank **Prof. Dr. Samir Abdel Rahman El Sebai**, professor of Anesthesiology and Intensive Care at Ain Shams University for his supervision and helping me with his profound experience.

Also, special thanks to **Prof. Dr. Walid Abdel Magid Mohamed Al Taher**, Professor of Anesthesiology and Intensive Care at Ain Shams University for his guidance and having the patience while providing me with help throughout this work.

Thanks to **Dr. Wael Sayed Abd El Ghaffaar El Gharabawy**, lecturer of Anesthesiology and Intensive Care at Ain Shams University. His advices were valuable and of great impact on my prospective even in clinical practice.

Finally, I never forget to address my gratitude to **my family** who supported me throughout my life till I became what I am today.

List of Abbreviations

ADP	: Adenosine Diphosphate
ASA	: American Society of Anesthesiologists
AST	: Aspartate Aminotransferase
ATPase	: Adenosine Triphosphatase
CS	: Caesarian Section
DIC	: Disseminated intravascular coagulopathy
EDTA	: Ethylenediaminetetraacetic acid
GP	: Glycoprotein
GT	: Gestational Thrombocytopenia
HELLP	: Hemolysis, Elevated liver enzymes, low platelets
HIT	: Heparin Induced Thrombocytopenia
HIV	: Human immunodeficiency virus
HUS	: Hemolytic Uremic Syndrome
IgG	: Immunoglobulin G
IM	: Intramuscular
ITP	: Idiopathic thrombocytopenic purpura
IV	: Intravenous
IVIG	: Intravenous immunoglobulin
LDH	: Lactate Dehydrogenase
MAHD	: Microangiopathic hemolytic anemia
MAO	: Monoamine oxidase
NO	: Nitrous oxide

List of Abbreviations

PCA	:	Patient controlled analgesia
PIH	:	Pregnancy induced hypertension
SC	:	Subcutaneous
TTP	:	Thrombotic Thrombocytopenic Purpura

List of Figures

Figure no.	Title	Page no.
Figure (1)	Platelet Glycoprotein and its role in platelet adhesion to injured vessel wall collagen fibers	Page 12

List of Tables

Table no.	Title	Page no.
Table (1)	Criteria for the diagnosis of preeclampsia	Page 26
Table (2)	Severe features with preeclampsia	Page 28
Table (3)	Clinical and laboratory features of HELLP, TTP, HUS	Page 36
Table (4)	Different methodologies for assessment of platelet function	Page 52

Introduction
