ACKNOWLEDGMENT

I will always be indebted and grateful to Prof. Dr., Mona Abu Zikry professor of pediatric and head of gastroenteritis unit Cairo University for her guidance all through the years of my residency and for her great support and care.

I would like to express my gratitude and apparition to Dr., Mohammed Genena lecturer of pediatrics Cairo University for his support and care.

The thesis benefited from the good supervision of Dr., Abeer Atef lecturer of pediatrics Cairo University who was always helpful.

I could not forget the help of Dr., Mazhar Ashour associate clinical lecturer of pediatrics gastroenteritis unit Cairo University as without his support, help and cooperation, this thesis could have not been completed.

I offer my sincere thanks to all team of gastroenteritis unit Abu El Reesh Hospital for their help and encouragement.

And special thanks to my sister for her help in writing this thesis.
