DEDICATION

This piece of work is dedicated to my first and long lasting teachers, "My Parents"

Acknowledgment

*First of all, Praise be to "**Allah**" the most merciful, the most mightiful.*

*I would like to express my endless thanks and deepest appreciation to **Professor Dr. Sanna Youssef Shaaban**, Professor of Pediatrics, Faculty of Medicine, Ain Shams University, for her valuable advice, insightful criticism and limitless patience. It has been an honour and a privilege working under her keen and meticulous supervision.*

*I am deeply indebted to **Professor Dr. Sanaa Eissa Mohamed**, Professor of Biochemistry, Faculty of Medicine, Ain Shams University for her great help, continuous support and sincere advice during the practical part of this work.*

*Endless thanks to **Dr. May Fouad Nassar**, Lecturer of Pediatrics, Faculty of Medicine, Ain Shams University. Her great help, kind advice, meticulous supervision and persistent encouragement were important cornerstones of the present work.*

I wish to extend my thanks to my colleagues in the pediatric department for their cooperation and encouragement.

No words of gratitude would be enough to express what I owe my family. They have been there every step of the way and to them I dedicate every achievement.

Last but not least, all the thanks and prayers to the sick children by whom and for whom the present work was done.

Ahmed Naguib Ahmed Saad El Din
