ACTIVE CONTROL OF THERMOACOUSTIC INSTABILITY IN ENERGY SYSTEMS

By

Habib Mohamed Mahmoud

B.Sc., Mechanical Engineering (Power)
Damascus University, 1988

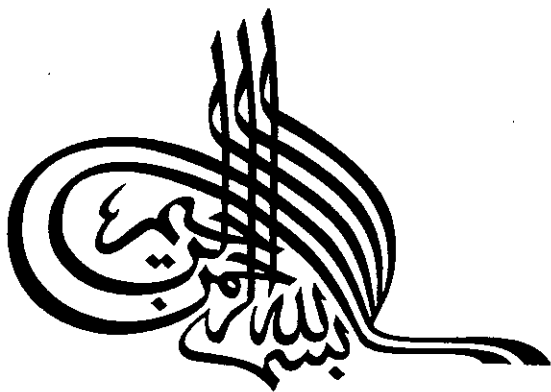

A Thesis Submitted in Partial Fulfillment
of
the requirements for the Degree of
M.Sc. In Mechanical Power Engineering

Under the supervision of

Prof. Dr. Zakaria G. A. Ghoneim
Mechanical Power Eng. Dept., Faculty of Engineering, Ain
Shams University.

Cairo-1996

APPROVAL SHEET

ACTIVE CONTROL OF THERMOACOUSTIC INSTABILITY IN ENERGY SYSTEMS

By

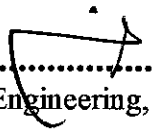

Habib Mohamed Mahmoud

B.Sc., Mechanical Engineering (Power)
Damascus University, 1988

This thesis for M.Sc. degree has been approved:

Prof. Dr. Sayed D. Hassan:
Prof. and chairman of Aeronautical Eng. Dept., Faculty
of Engineering, Cairo University.

Prof. Dr. Mohamed I. Salem:
Mechanical Power Eng. Dept., Faculty of Engineering,
Ain Shams University.

Prof. Dr. Zakaria G. A. Ghoneim:
Mechanical Power Eng. Dept., Faculty of Engineering,
Ain Shams University.

Date of examination: 17 / 10 / 1996

ACKNOWLEDGMENT

All praises are due to Allah, who blessed me with kind professor, and gave me the support during this work.

I wish to express my sincere appreciation to Prof. Zakaria Ghoneim, Professor of Mechanical Engineering, Faculty of Engineering, Ain shams University for his continuous guidance, support and suggestions during this study and for his continuous encouragement, advice, and help to finish this thesis. Many thanks are due to Dr. Mahmoud Fleifil, for his encouragement and support during the course of this work.

I wish to express my sincere gratefulness for, all assistants workers of Engineering Faculty, for their helpful during this work. Sincere appreciations are due to my family for their encouragement and patience during this work.

STATEMENT

This thesis is submitted to Faculty of Engineering, Ain Shams university for the degree of Master of science in mechanical engineering (power).

The work included in this thesis was carried out by the author at the laboratories of the department of Mechanical Power Engineering, Ain Shams University.

No part of this thesis has been submitted for a degree or a qualification at any other university or institution.

Date : 26 / 10 / 1996

Signature 

Habib Mohamed Mahmoud.
