ACKNOWLEDGEMENTS

**TO THE MEMORY OF MY FATHER
TO MY MOTHER
AND TO MY FAMILY**

ACKNOWLEDGEMENT

First and foremost, Praise is to *ALLAH*, the Beneficent, the Merciful, and the Compassionate for all the countless gifts I have been offered.

I am greatly honored to express my deepest gratitude and thanks to *Professor Dr. AbdelMoniem Abdalla El-Hagagy*, Professor of urology and the Head of department of urology, Faculty of Medicine, Assiut University, for his kind supervision and constructive criticism. He exerts a lot of his time and effort to direct me to perfect this work.

My sincere thanks are also to *Professor Dr. Mohamed Essam El-Deen Osman*, professor of urology, Faculty of Medicine, Assiut University, for his unfailing cooperation, persistent helps scientific support, constant encouragement and expert advice.

I am also indebted to *Dr. Salah El-Deen Shaker*, Assistant Professor of Urology, Faculty of Medicine, Assiut University, for his kind encouragement, faithful support and unlimited help during fulfillment of this work and for him the all words of praise are not sufficient.

My sincere thanks are also to all staff members and my colleagues of the Department of Urology, Faculty of Medicine, Assiut University, for their kind help and assistance during preparation of this work and for their sharing in doing cases of the thesis. Without their constructive criticism and leading idea this work could not be completed.

Lastly, I would like to thank everyone who participated in this work either by idea, criticism or support.

Medhat Ahmed Abdalla
