ASSESSMENT OF NUTRITIONAL STATUS OF DAKHLIA UNIVERSITY STUDENTS

BY

OSAMA IBRAHIM ABD EL- RAOF EL- NAHAS

B.Sc. NUTRITION AND FOOD SCIENCE

HOME ECONOMICS FACULTY

HELLWAN UNIVERSITY

1990

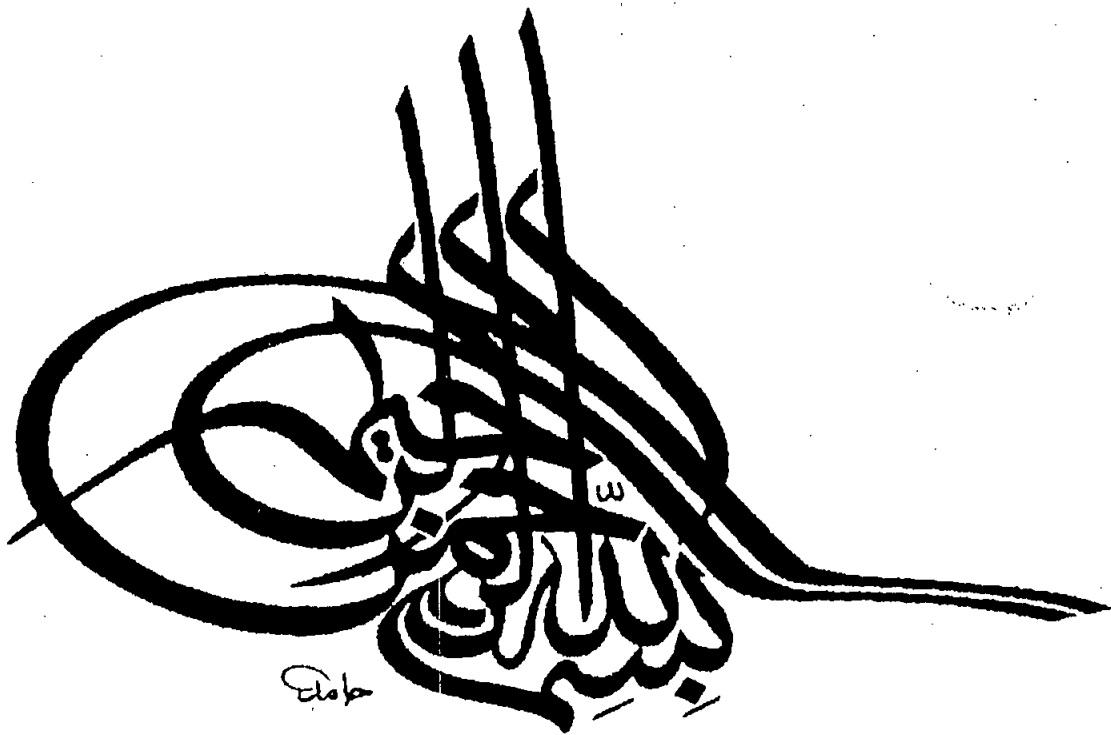

THESIS

SUBMITTED IN PARTIAL FULFILLMENT OF THE
REQUIREMENTS FOR THE DEGREE OF MASTER
IN NUTRITION AND FOOD SCIENCE

NUTRITION AND FOOD SCIENCE DEPT.
FACULTY OF HOME ECONOMICS
MENOUIA UNIVERSITY

1998

B
1-CE9

UNDER THE SUPERVISION OF:

DR. /THOURAYA MESSALAM HASSAN *Thouraya M. Hassan*

Assist. Prof. Department of Nutrition and Food
Science

Home Economics Faculty

Menoufia University

DR/ EFFAT FAKHR EL-DIN NOOR

Effat F. Noor

Assist. Prof. Nutrition Institute

Cairo

APPROVAL SHEET

Title of thesis: **Assessment Of Nutritional Status Of Dakhlia University Students.**

Degree: **M. Sc. Degree Of Nutrition And Food Science**

Name of student: **OSAMA IBRAHIM ABD EL- RAOF EL- NAHAS**

This thesis has been approved by:

Prof. Dr.

Thouraya M. Hassan

Prof. Dr.

Sawsan A. M. Abd El Ghany

Prof. Dr.

Omar Emam

Committee in charge

Date / / 1998

ACKNOWLEDGMENT

My sincere gratitude and indebtedness are due to Assist. Prof. Dr./ Thouraya Messalam Hassan, department of Nutrition and Food Science, Faculty of Home Economics, Menoufia University for her interest indispensable advice and valuable comments.

I would like to express my deepest and sincere gratitude to Dr./ Effat Fakhr El -Din Noor Assist. Prof. of Nutrition, Nutrition Institute at Cairo for her scientific support and valuable supervision throughout this work.

Finally, deep thanks are paid to my faithful, Mother and my Family.

CONTENTS

INTRODUCTION	1
AIM OF WORK	3
REVIEW OF LITERATURE	4
Nutritional status of adolescents	4
Food habits	7
Physiological and psychological changes	8
Factors affecting nutritional status of students:	9
Nutritional requirements of adolescence	11
Food consumption and nutrients intake	18
Nutritional problems	24
Nutritional assessment	29
MATERIALS AND METHODS.....	36
RESULTS AND DISCUSSION.....	39
A- Socio-economic status	39
B- Food habits.....	49
C- Anthropometric measurements	60
D- Nutrients intake	71
SUMMARY.....	100

RECOMMENDATIONS..... 105

REFERENCES 106

ARABIC SUMMARY

LIST OF ABBREVIATION

AC : ARM CIRCUMFERENCE

AMC : ARM MUSCLE CIRCUMFERENCE

BMI : BODY MASS INDEX

RDA : RECOMMENDED DIETARY ALLOWANCES

SD : STANDARD DEVIATION

TSF : TRICEPS SKINFOLD

LIST OF TABLES

Table (A): Recommended energy intakes for adolescents	13
Table (1): Mean $\pm$ SD of age for both males and females subjects	39
Table (2): Frequency distribution of students according to social status	41
Table (3): Mean $\pm$ SD of income and food expenditure of students	44
Table (4): Frequency distribution of students according to family size	47
Table (5): Correlation coefficients between social variables	49
Table (6): Frequency distribution of students according to food habits	52
Table (7): Correlation coefficient between food habits variables	59
Table (8): Correlation coefficient between social variables and some food habits	60
Table (9): Mean $\pm$ SD of anthropometric measurements of studied subjects ..	63
Table (10): Mean of anthropometric measurements compared with standard measures of studied subjects	63
Table (11): Frequency distribution of males anthropometric measurements percentage compared with standard measures	66
Table (12): Frequency distribution of females anthropometric measurements percentage compared with standard measures	67
Table (13): Correlation coefficient between anthropometric measurements of studied students	70
Table (14): Correlation coefficient between anthropometric measurements and social variables	71

Table (15): Mean $\pm$ SD of nutrients intake for both males and females students	74
Table (16): Mean $\pm$ SD percentage of energy yielding from essential nutrients intake of studied subjects.....	75
Table (17): Mean of nutrients intake compared with RDA 1989 of studied subjects	80
Table (18): Frequency distribution of nutrients intake as a percentage from RDA 1989 for males	85
Table (19): Frequency distribution of nutrients intake as a percentage from RDA 1989 for females	88
Table (20): Correlation coefficient between social variables and nutrients intake	92
Table (21): Correlation coefficient between anthropometric measurements and nutrients intake	95
Table (22): The chemical composition of faculty meal compared with RDA 1989 for both males and females	97
