ACKNOWLEDGMENT

First and above all, I thank the Merciful God, the father of all knowledge and wisdom.

It is assuredly delightful to appreciate Prof. Dr. Mahmoud Youssef, Professor of Phoniatics, Ain Shams University, for his keen support, close supervision and his priceless effort all through this work to be brought out to light.

I am much grateful for Prof. Dr. Somia Tawfik, Professor and Head of Audiology Unit, Ain Shams University, for her inestimable instructions and valuable guidance to execute this work.

I would like to express my deepest and most sincere thanks to Dr. Alia El-Shaubary, Assistant Professor of Phoniatics, Ain Shams University, for her utmost effort and precious time spent for revision and shaping of this work.

I also appreciate Prof. Dr. Mohamed El-Shaer, Professor and head of Otorhinolaryngology Department Mansoura University, who offered me this fortune quote from the Knowledge River of Phoniatics Unit Ain Shams University.

I am greatly indebted to Dr. Ayman El-Sharabasy, Assistant Professor of Audiology, Mansoura University, for his worthy advice and generous provision of materials for the production of this work.

CONTENTS

1. INTRODUCTION.....	1
2. AIM OF THE WORK.....	5
3. REVIEW OF LITERATURE	
- Chapter 1: Physiology of learning Process.....	6
- Chapter 2: What are Learning Disabilities?	
• Definition.....	14
• Incidence and sex ratio.....	18
• Aetiology.....	20
• Classification.....	23
- Chapter 3: What is Central Auditory Processing?	
• Definition.....	26
• What areas of difficulty are associated with AP dysfunction?.....	27
• Anatomy of the central auditory nervous system (CANS).....	31
• Are there neuropathologic evidences for Central Auditory Processing Disorders?.....	32
• What are possible etiological factors responsible for CAPD?.....	37
4. ASSESSMENT OF LEARNING DISABILITY DUE TO CAPD.....	48

5. ASSESSMENT OF THE CENTRAL AUDITORY FUNCTION	
• Psychophysical Testing.....	64
• Electrophysiologic testing.....	88
• Encephalography.....	90
• Neuroimaging Techniques.....	92
• How can individuals with CAPD be classified?.....	97
• Application of central auditory tests in expecting the site of the lesion.....	105
6. MANAGEMENT OF LEARNING DISABLED CHILDREN OWING TO CAPD	
• Modifying the listening environment.....	116
• Classroom amplification systems.....	125
• Individual auditory aids.....	126
• Auditory training programs.....	129
• Visual aids.....	138
7. RECOMMENDATIONS.....	139
8. SUMMARY.....	144
9. REFERENCES.....	148
10. ARABIC SUMMARY
