**SERUM INTERLEUKIN 10 IN CHRONIC
HEPATITIS C VIRUS INFECTION:
RELATION TO TREATMENT
WITH INTERFERON ALPHA**

Thesis

*Submitted for Partial Fulfillment of
Master Degree of Internal Medicine*

By

Riham Ibrahim Hossni
(M.B. B.Ch)

Supervisors

Prof. Mohsen Mostafa Maher

*Professor of Internal Medicine
Ain Shams University*

Prof. Nehad Ahmed Amer

*Professor of Internal Medicine
Ain Shams University*

Assist. Prof. Hanaa Ahmed Amer

*Assistant Professor of Clinical Pathology
Ain Shams University*

*Faculty of Medicine
Ain Shams University
2000*

بسم الله الرحمن الرحيم

الْحَسْبُكَ لَا عِلْمَ لَنَا إِلَّا مَا عَلَّمْتَنَا

إِنَّكَ أَنْتَ الْعَلِيمُ الْحَكِيمُ

صدق الله العظيم

(البقرة / ٢٢)

To

*my lovely and
supportive family
and
Soul of My
grand Mother*

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for transparency and accountability, particularly in financial matters. The text outlines various methods for organizing and storing data, including digital databases and physical filing systems.

2. The second section focuses on the role of communication in project management. It highlights the need for clear, concise, and timely communication between team members and stakeholders. The author provides several strategies for effective communication, such as regular meetings, status reports, and the use of collaborative tools.

3. The third part of the document addresses the challenges of resource allocation and management. It discusses how to identify and prioritize tasks, allocate resources efficiently, and monitor progress. The text also touches upon the importance of flexibility and adaptability in the face of changing circumstances.

4. The final section discusses the importance of risk management and contingency planning. It explains how to identify potential risks, assess their impact, and develop strategies to mitigate them. The author stresses that proactive risk management is crucial for ensuring the success of any project or organization.

ACKNOWLEDGEMENT

First of all, I wish to express my sincere thanks to GOD.

*I would like to express my deep thanks and gratitude to the great **Prof. Mohsen Mostafa Maher**, Professor of Internal Medicine, Faculty of Medicine, Ain Shams University, for his kind supervision and continuous guidance, and indispensable advice all through my work.*

*I would like to express my deep thanks and gratitude to **Prof. Nehad Ahmed Amer**, Professor of Internal Medicine, Faculty of Medicine, Ain Shams University, to whom I owe more than words can express. To complete my work, she gave me generously of her expensive time, great help, and kind encouragement.*

*I want to express my great thanks to **Assist. Prof. Hanaa Ahmed Amer**, Assistant Professor of Clinical Pathology, Faculty of Medicine, Ain Shams University, for her priceless help in offering all the facilities for this work and for her kind supervision.*
