Acknowledgement

Above all and first of all thanks to Allah

I would like to express my sincere thanks and deepened gratitude to **Prof. Dr. Al-Said M.Abu Gamrah**, Prof. of internal medicine, Ain Shams University, who afforded me the fatherly encouragement, the generous support and many useful criticism and suggestions throughout this study. Also I want to thank him for his precious guidance and continued supervision which was beyond any acknowledgement.

I wish to express my deepest gratitude to **Assist. Prof. Dr. Magdi Farrag**, Assist. Prof. of internal medicine, Ain Shams University, who afforded me much of his experience and for providing me with helpful suggestions and planning of this work and for his kind supervision.

Sincere thanks are also due to **Dr. Samia Hassan** Manager of ICU at Nasr City Health Insurance Hospital, Master degree in internal medicine, Cairo University, Diploma degree in chest, Ain Shams University, Diploma of fiberoptic bronchoscopy, Fosh Hospital, Paris and all the staff in the lab. in Nasr City Insurance Hospital. For their encouragement and all who had given hand in any way in my work.

My deepest thanks to **Dr. Eman Hafez** lecturer of internal medicine for her valuable suggestions and additions.

Last but not least I want to express my appreciation and gratitude to my father, Soul of my mother, my wife, my lovely Daughter and my brother for their moral support and encouragement.

Dr. Amr Hassan
