Acknowledgement

I would like to express my deepest gratitude and utmost appreciation to Prof. Dr. M. Anwar Etribi, professor of Neuropsychiatry, who with extraordinary foresight suggested this work, inspired its theme and continuously guided me with his constructive criticism. Without his inspiration this work could have not been created.

I would like to express my deep appreciation and cordial thanks to Prof. Dr. Mahmoud Mostafa, Prof. of neuropsychiatry For his knowledge, experience, advice and continuous supervision Throughout the whole work.

I would like to express my deepest thanks and appreciation to Prof. Dr. Salma Elokby Professor of tropical medicine for her marked and undeniable efforts. She has generously devoted much of her time and provided detailed criticism and unlimited support.

I would like to express my gratefulness, indebtedness sincere appreciation to Dr. Mahmoud Hemeda, Assist. Prof. In neuropsychiatry for his endless patience and his guidance, page after page line after line was the main effort that made this work presentable.

I would also like to thank Dr. Tarek Asaad, Assist. Prof. neuropsychiatry for his help and support.

No words ever spoken can express my thanks and gratitude to all of my professors and members of the Neuropsychiatry Department, behind each phrase in this work stands the effort, sympathy and guidance of each one of them.
