Acknowledgement

First of all, ultimate thanks are due to Allah, Who without his aid this work could not be done.

My gratefulness and gratitude are highly expressed to Prof. Dr. Abd El-Wahab El-Kassaby, Professor of Urology, Headchief of Urology Department, Faculty of Medicine, Ain Shams University, for his supervision and for his valuable guidance.

I would like to express my endless gratitude to Prof. Dr. Amr Mohammad Nowier, Professor of Urology, Faculty of Medicine, Ain Shams University, for giving me the chance to work under his supervision before and during this work and for his support that was and will remain unrepeatable.

I am grateful to my all Professors, Senior Staff and Colleagues in the Department of Urology, Ain Shams University, for their sincere help.

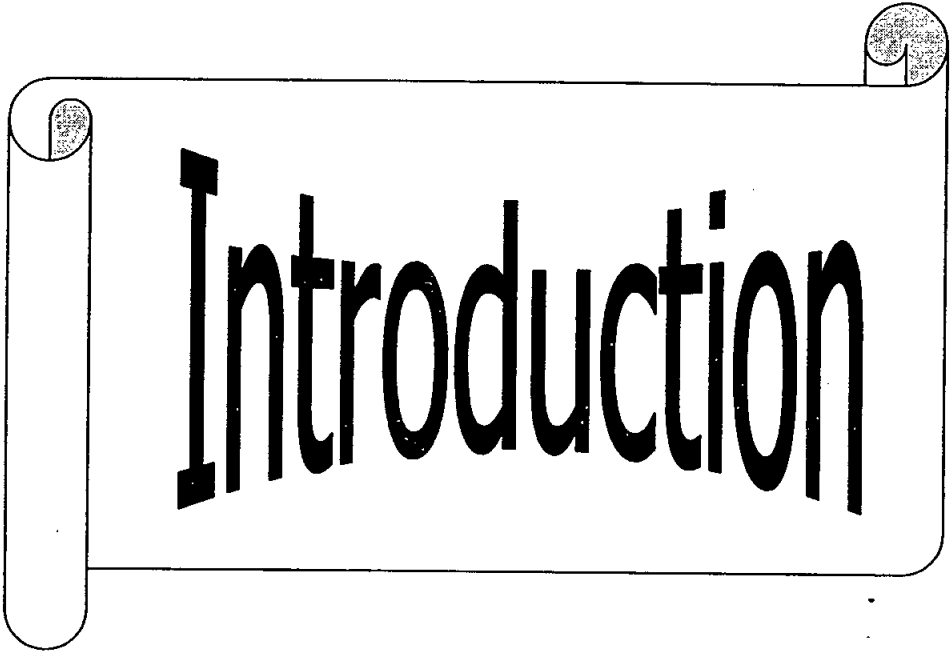

Wael Fawzy Seif

MPR	Multipanner malformation
RF	Renal function
RP	Renal parenchyma .
SSD	Surface shaded display
U/S	Ultrasound
UPJ	Ureteropelvic junction
VCUG	Voiding cystourethrography
VRT	Volume rendering technique

A stylized graphic of a scroll. The scroll is white with a black outline. It has a long, narrow tail on the left side that is rolled up at the top. The main body of the scroll is rectangular with rounded corners. The word "Introduction" is written in a large, bold, black, serif font across the center of the scroll. The scroll is decorated with small, dark, circular patterns at the top of the rolled-up ends.

Introduction
