Acknowledgment

First and foremost thanks to ALLAH who granted me the power to accomplish this work.

I wish to express my sincere appreciation to Dr. Aymen Abdel-Razek Abul-Nour, Assistant Professor of Obstetrics and Gynaecology, Faculty of Medicine, Ain Shams University, for giving me the privilege of working under his supervision as well as his expert touches and the indispensable guidance and advice.

My deepest thanks to Dr. Amro Salah Eldin Elhoussieny, Assistant Professor of Obstetrics and Gynaecology, Faculty of Medicine, Ain Shams University, for offering me much of his time and effort, as well as his generous cooperation, great support and unlimited willingness during performing this work.

Lastly but not the least, I'm very thankful to my dearest family for their continuous encouragement, great support and kind care all the time.
