لسبب انك لا تعلم لنا  
إلا ما علمتنا إنك أنت  
العليم العظيم

صدق الله العظيم

سورة البقرة الآية: ٣٢

## Acknowledgments

First, all praise to **ALLAH** for granting me the power to proceed and to accomplish this work.

I would like to express my deepest thanks and sincere appreciation to **Dr. Nadia Hamed Farahat**, Professor of Community Health Nursing Faculty of Nursing, Ain shams University, for her motherly attitude, help and support for her valuable advices. She gave me the chance maker in the field of my own interest, helped me in the data collection and gave me the guidance, encouragement and efforts in supervising this work. I really appreciate every effort she made to bring this work in the appropriate format.

I am especially indebted gratefully to **Dr. Wafaa Khalil Ibrahim**, Lecturer of Community Health Nursing, Faculty of Nursing, Ain shams University. Words cannot describe how thankful. I am thankful for her meticulous, close and kind supervision, cooperation encouragement and valuable guidance.

I would like to express my thanks to all directors of schools, teachers and all students shared in study, who helped me in collection of the data, and my thanks to all those who contributed by giving their time, effort and encouragement to the fulfillment of this study.

I would like to thank **my husband, my children, my father, my mother, my all brothers and everyone** supported and encouraged me to finish this study.

✍ Sabah Mohamed Ahmed
