Acknowledgement

Thanks to **ALLAH** the most kind, the most merciful.

I would like to sincerely thank my supervisor **Prof. Dr. Ahmed M. Abd El-Hamid**, Professor of Prosthodontics, Faculty of Dentistry, Alexandria University, for his guidance and encouragement of my work. He has really wide knowledge. He shows a high capability to deal logically with everything. He never feels tired and stops working. He pays attention to minute details; so many mistakes were avoided due to his work.

I would like to express my feelings of gratitude and appreciation to **Prof. Dr. Sham B. Tayel**, Professor of Prosthodontics, Faculty of Dentistry, Alexandria University, She started her help the first days upon selecting the topic for research, research design, and performance. Without his untiring effort and assistance, this work would have never been possible.

I find it difficult to sufficiently express my greatest and warmest thanks to my supervisor **Prof. Dr. Eman M. El Rafah**, Professor of Prosthodontics, Faculty of Dentistry, Alexandria University, His great help, dynamic efforts, and the facilities given to me from the beginning of the work. I shall always be grateful to her for I owe her a lot.

My sincere appreciation and deep thanks to **Prof. Dr. Hala M. Abd El-Alim**, Professor of Oral Surgery, Faculty of Dentistry, Alexandria University, her close supervision, continuous support, generous effort and honest help throughout this study especially in the surgical part of this work.

I am deeply thankful and grateful to Prof. Dr. Nadia A. Barghash, Professor of Medical Biochemistry, Faculty of Medicine, Alexandria University. Her expert advice, sincere encouragement, and unlimited assistance were extremely valuable. And whose effort in biochemical following up was greatly profitable.
