I dedicate this thesis to
my Family and my Mother
for all they did..
To them I owe everything

Acknowledgement

First and for most, I feel always indebted to Allah, the kind and Merciful.

I would like to express my profound gratitude and sincere appreciation to Prof. Dr. Zeinab Abdel Hamied Loutfi, Dean of Faculty of Nursing, Professor & Head of Psychiatric Nursing Department, Ain Shams University. It's pleasure to express my deepest regards indebtedness and gratitude to her for her guidance, encouragement and advise. Her unlimited support was undoubtedly the factor for excellence, without it, this work would not be possible. She contributed greatly to bring this work to its form through her suggestions, valuable observations and meticulous revision of every possible details. She gave me a great deal of her valuable time. Indeed I am very much privileged and honored to have her as my supervisor.

I would like to express my feeling of gratefulness and respect I carry to Prof. dr. Mohamed Ghanem, Prof. of Psychiatric Medicine, Faculty of Medicine, Ain Shams University, for

his unlimited support, patience and cooperation. I am greatly honored to express my sincere thanks and cardinal appreciation to him, I am greatly thankful for him most valuable advice, continuous encouragement and indispensable guidance.

My sincere appreciation goes to Dr. Sorayia Ramadan, Lecturer of psychiatric Nursing, Faculty of Nursing, Ain Shams University, for her sincere and immense help. I am greatly indebted for her valuable help during preparation of this study.

My deepest appreciation goes to all persons who helped me during the accomplishment of this work and my friends for their continuous enthusiasm and support. .
