Acknowledgment

I wish to express my sincere gratitude,
deepest thanks and appreciation to:

1 - The Soul of "Prof. Dr. Osman A. Badr",
whom I really assumed as a second father for his
tenderness, kindness, care and help he used to
give to all of his students.

2 – Dr. Hassan Shehata, for his faithful
supervision, guiding, helpful discussion and
advice during the accomplishment of this work.

I would like also to thank **Dr. Fadia Abd
El- Salam,** a professor of economics at the
"Institute of National Planning" and the
consultant of the "International Economical
Relations" center for her great and sincere help as
a domain expert for the "Egyptian Foreign Debt
Crisis".
