Acknowledgment

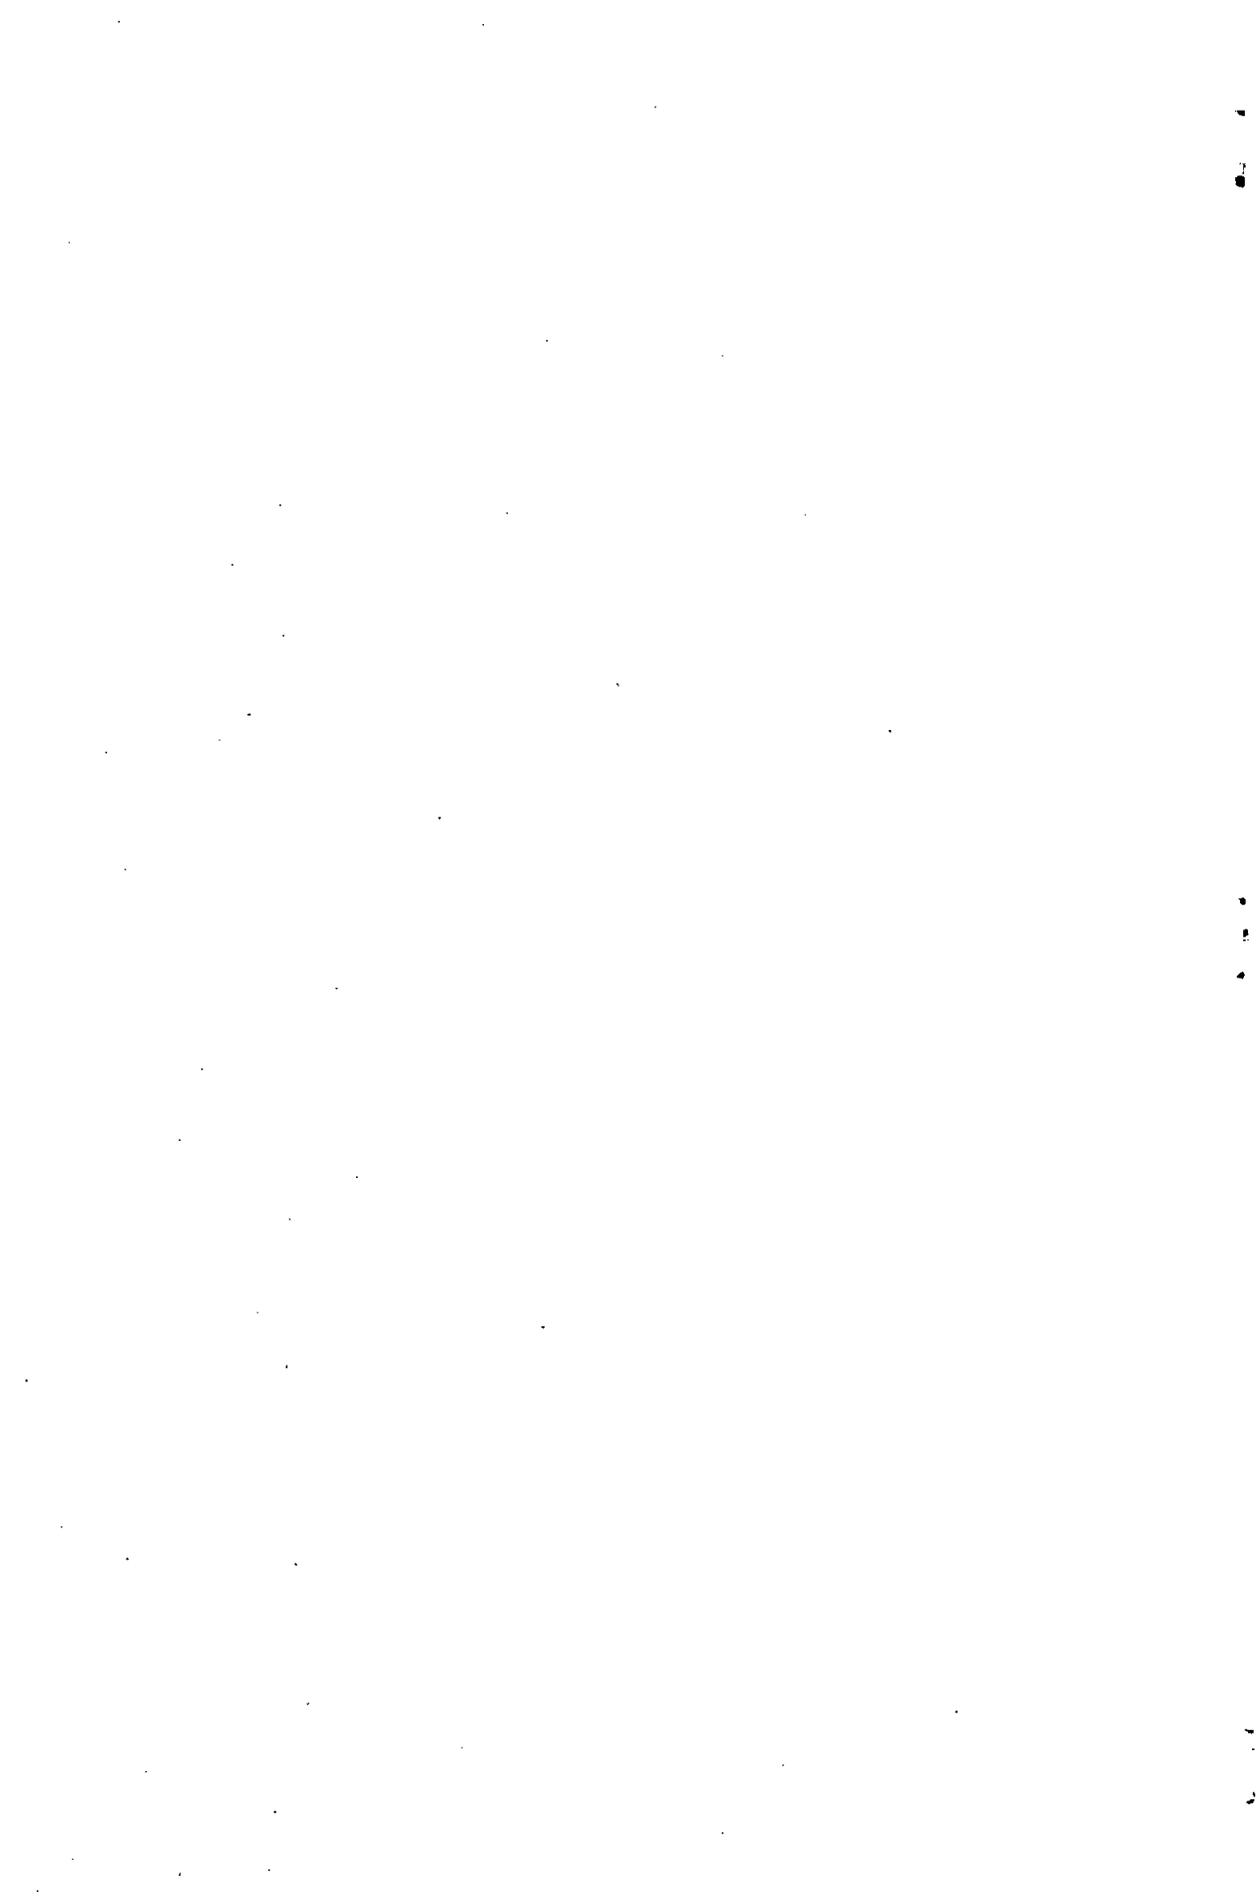

Thanks for God for giving me the power and strength to carry out this work.

Words stand short when they come to express my gratefulness to my supervisors.

I wish to express my sincere gratitude and thanks to the eminent Prof. Dr. Mohamed Reda Abd El-Gawad, Professor of Anesthesia and Intensive Care, Faculty of Medicine, Ain Shams University, for his remarkable effort, considerable help and continuous guidance which were the major factors behind the completion of this work. My deep gratitude goes to his faithful supervision, great cooperation and his meticulous revision of this work.

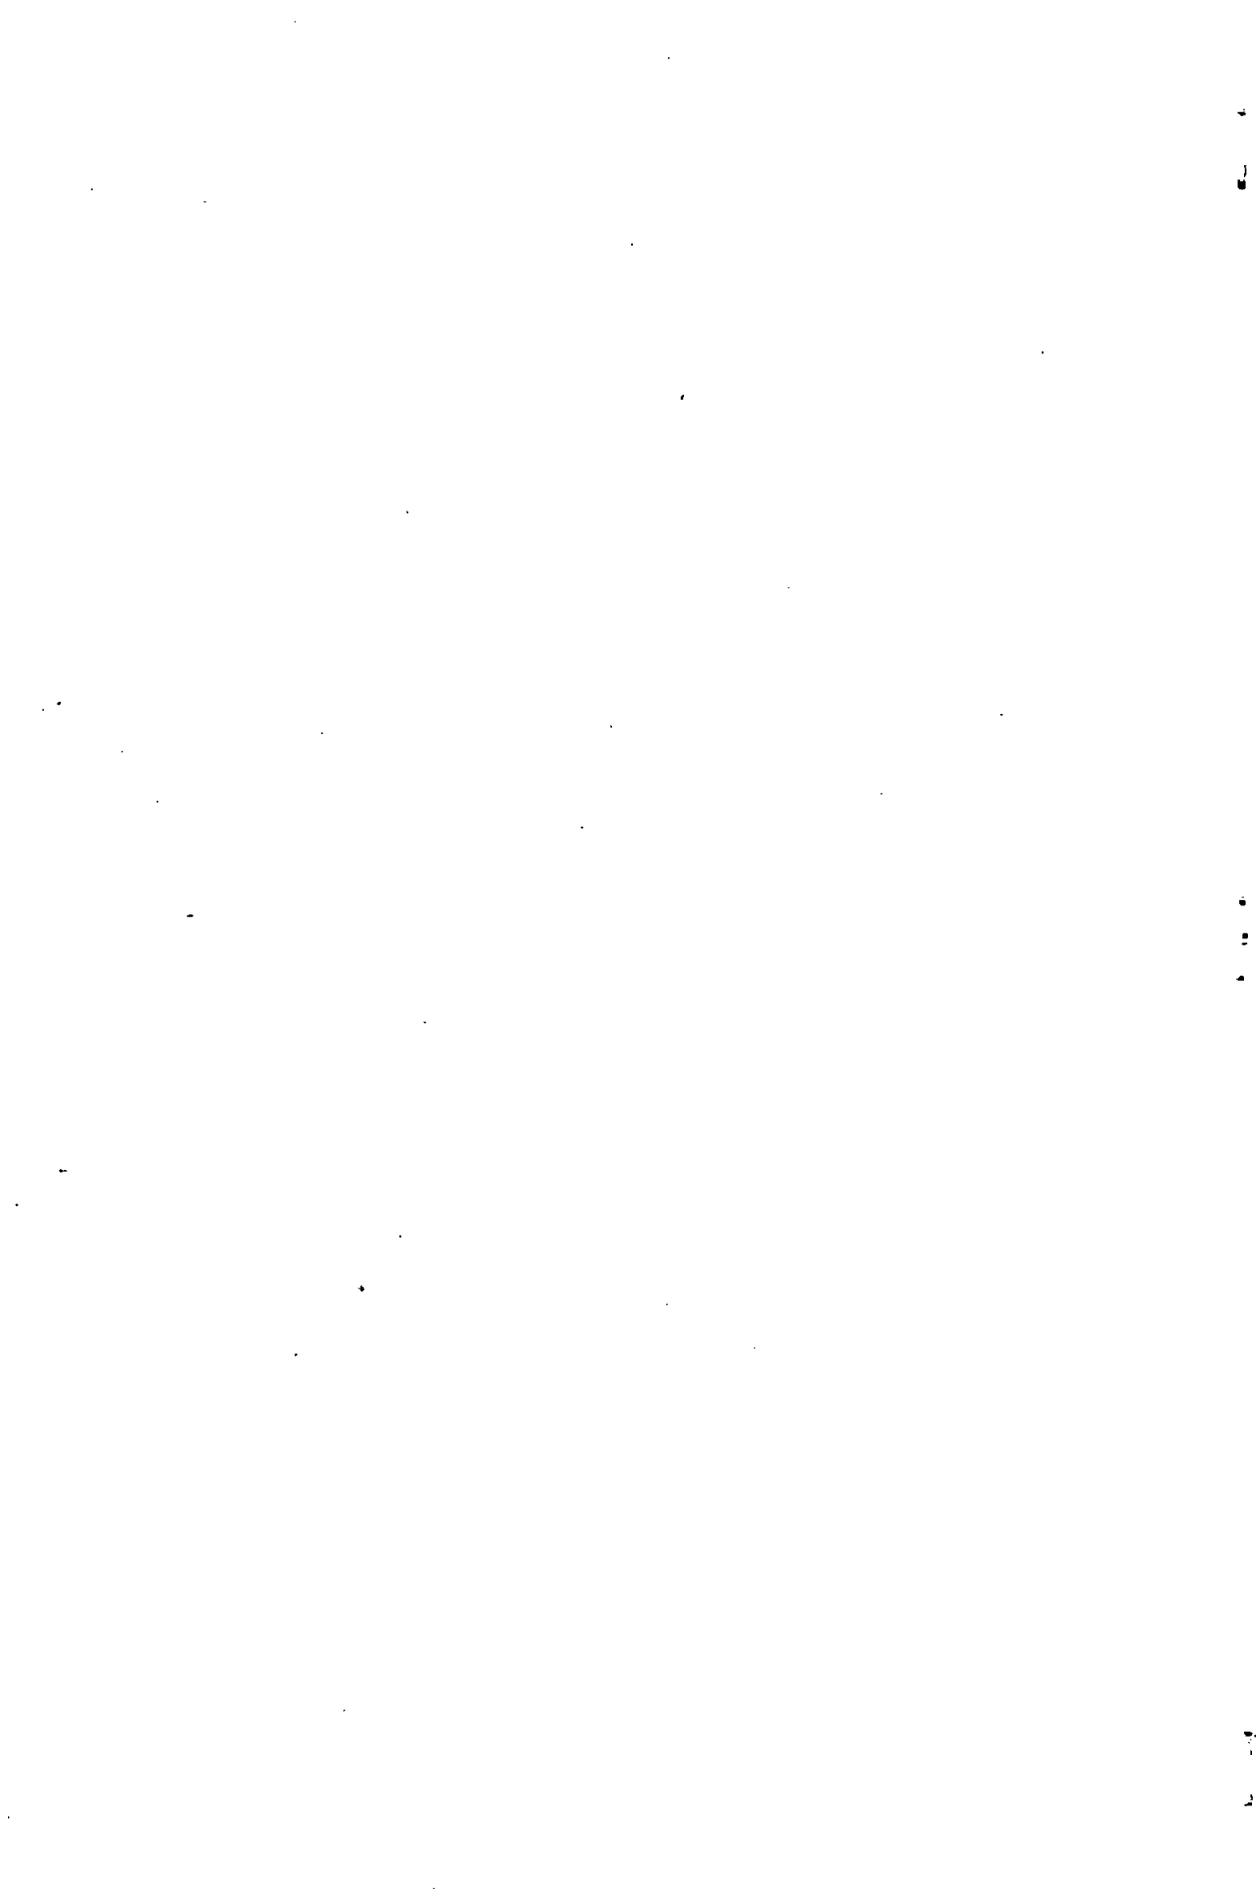

I am deeply indebted to Prof. Dr. Mohamed Aly Ahmed Zagloul, Professor of Anaesthesia and Intensive Care, Faculty of Medicine, Ain Shams University, for his extreme patience, keen supervision. He generously offered me a great help through his experience, support and encouragement.

My deep gratitude goes for Dr. Mahmoud Abd El-Aziz Gallab, Professor of Anesthesia and Intensive Care, Faculty of Medicine, Ain Shams University, for his constant support, valuable advice and remarks that have been of utmost help.
