Acknowledgement

First of all, I would like to thank Professor Ali Saud Hasan, to whom I am deeply indebted, for his help, encouragement and contribution throughout the preparation of this thesis. It would have been hard to think of completing this research without the valuable advice and useful information offered by him.

Thanks are also due to the ESP Center represented by, Dr Waddah Al – Khteeb, and all the staff working there for facilitating my mission and being cooperative.

I am also grateful to Dr. Yaser Jamous for his statistical advice and help.

Last, but not least, I would like to extend special thanks and gratitude to the members of the panel for spending time and exerting effort in reading and evaluating this thesis.

The researcher

Dedication

I dedicate this work to my parents who tolerated me for being busy throughout the preparation of this research.
