Expression of the Macrophage Scavenger Receptor in Atherosclerotic Patients

**Thesis Submitted for the Partial Fulfillment of the M.D
degree in Clinical and Chemical Pathology**

By

6889^u

Esraa Mohamed Fathi El-Shahat

M.B., B.Ch, M.Sc. In Clinical and Chemical Pathology

Supervised by

616-07561
E-M.

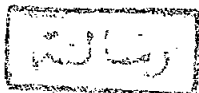

Prof. Dr. Laila Mohammed Aboul-Magd

**Professor of Clinical and Chemical Pathology
Faculty of Medicine, Ain Shams University**

*Laila Aboul
Magd*

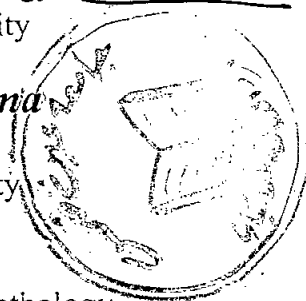

Prof. Dr. Mohamed Sayed Salama

**Professor of Molecular Biology
Faculty of Science, Ain Shams University**

Dr. Mona Mohammed Zaki

**Assistant Professor of Clinical and Chemical Pathology
Faculty of Medicine, Ain Shams University**

Dr. Hossam El-Ghetany

**Assistant Professor of Cardiology
Faculty of Medicine, Ain Shams University**

**Faculty of Medicine
Ain Shams University
2002**

prof. Dawsan Hossam

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

(قَالُوا سُبْحَانَكَ لَا عِلْمَ لَنَا

إِلَّا مَا عَلَّمْتَنَا إِنَّكَ أَنْتَ

الْعَلِيمُ الْحَكِيمُ)

سورة البقرة/ الآية (٣٢)

Acknowledgment

Thanks to GOD, for giving me the power and strength to carry out this work.

I wish to express my deep gratitude to Prof. Dr. Laila Mohammed Aboul-Magd, Professor of Clinical and Chemical Pathology, Faculty of Medicine, Ain Shams University, for her valuable suggestions, instructive guidance and continuous encouragement throughout the whole work.

My sincere gratitude and thanks to Prof. Dr. Mohammed Said Salama, Professor of Molecular Biology, Faculty of Science, Ain Shams University, for giving me the privilege of working under his supervision and for his constant encouragement.

My particular and deepest thanks are expressed to Prof. Dr. Mona Mohammed Zaki, Assistant Professor of Clinical and Chemical Pathology, Faculty of Medicine, Ain Shams University, who taught me how to approach a scientific research, provided me a great of her valuable time, continuous advice, directions and effort to fulfill this work. I would like to take this opportunity to thank her for everything she has done for me.

I would like to express my sincere appreciation to Prof. Dr. Mona Fathi, Assistant Professor of Clinical and Chemical Pathology, Faculty of Medicine, Ain Shams University, for her kind support and valuable advice throughout all of this work.

My sincere gratitude to Dr. Hossam El-Ghetany, Assistant Professor of Cardiology, Faculty of Medicine, Ain Shams University, for his valuable assistance, great help, constant support and enlightening suggestions

My Sincere thanks to Dr. Manal Mohammed Abdel-Aziz, Lecturer of Clinical and Chemical Pathology, Faculty of Medicine, Ain Shams University, for her faithful supervision, great cooperation and continuous guidance.

My sincere appreciation to Prof. Dr. Adel El-Missiry Director of Medical Research Center (MRC) and to all members of MRC for their great deal of help.

Finally, I would also like to extend my sincere gratitude to all of the professors, staff members and all of my colleagues at the Clinical and Chemical Department for their continuous support and encouragement.

Acknowledgment

Thanks to GOD, for giving me the power and strength to carry out this work.

I wish to express my deep gratitude to Prof. Dr. Laila Mohammed About-Magd, Professor of Clinical and Chemical Pathology, Faculty of Medicine, Ain Shams University, for her valuable suggestions, instructive guidance and continuous encouragement through out the whole work.

My sincere gratitude and thanks to Prof. Dr. Mohammed Said Salama, Professor of Molecular Biology, Faculty of Science, Ain Shams University, for giving me the privilege of working under his supervision and for his constant encouragement.

My particular and deepest thanks are expressed to Prof. Dr. Mona Mohammed Zaki, Assistant Professor of Clinical and Chemical Pathology, Faculty of Medicine, Ain Shams University, who taught me how to approach a scientific research, provided me a great of her valuable time, continuous advice, directions and effort to fulfill this work. I would like to take this opportunity to thank her for everything she has done for me.

	Page
* Introduction and Aim of the Work	1
* Review of Literature	
<i>Atherosclerosis: Hypothesis and Risk Factors</i>	3
I. Anatomy of the Coronary Artery	3
II. Histology of the Coronary Artery	5
III. Hypothesis of Atherosclerosis	6
IV. Cellular Elements of Atherosclerosis	8
V. Lesions of Atherosclerosis	14
1. Fatty streak (lesion types I to III)	14
2. Diffuse intimal thickening (lesion type IV)	15
3. Fibrous plaque (lesion type V to VI)	15
4. Complicated lesions	15
VI. Risk Factors for Coronary Artery Disease (CAD) ...	16
A) Modifiable risk factors for CAD	17
1. Dyslipidemia	17
a) Hypercholesterolemia	17
b) Hypertriglyceridemia	20
c) Elevated LP (a)	22
2. Hypertension	23
3. Tobacco use	25
4. Diabetes mellitus.....	26
B) Non modifiable risk factors	27
1. Family history	27
2. Age	28
3. Gender	28
C) Other risk factors	29
1. Physical inactivity	29
2. Obesity	30
3. Hemostatic factors	31
