## *ACKNOWLEDGMENT*

First of all, I would like to express my gratitude to **ALLAH** Almighty who guided and aided me to bring this thesis to existence. It would hardly be possible to me to acknowledge all those who helped during this study.

Grateful acknowledgment is made to my supervisor Prof. Dr. **MOHAMED ESAM KHALEFA**, Professor of Pure Mathematics, Faculty of Computer and Information Sciences, Ain Shams University, for his kind and faithful help, encouragement and discussions during this work. He also thanked for revising the manuscript.

I would like to express my deepest appreciation to my supervisor Dr. **MOSTAFA. A. A. MAHMOUD**, lecturer of Applied Mathematics, Faculty of Science, Benha University, for his helpful guidance, valuable suggestions and discussions throughout his supervision of this work.

Finally, this work is indebted to these whom I mentioned, and to the support of the Head and staff members of Mathematics, Faculty of Science, Benha University.
