ACKNOWLEDGEMENT

First and foremost thanks are to Allah, The most Beneficent and merciful.

I wish to express my most sincere gratitude to Dr. Mohamed Salah El-din Faheem, Assistant Professor of Pediatrics and Pediatric Nephrologist, Ain Shams University, for his endless encouragement and guidance. Without his constructive remarks and valuable advice this work would have never been completed.

I am also grateful to Dr. Mohamed Hisham Mohamed Ezzat Abdel-Hameed, Lecturer of Pediatrics, Ain Shams University, for his interest and support.

I would like also to extend my deep appreciation to Dr. Mohamed Abdel-Ghani Badr, Lecturer of Ophthalmology, Ain Shams University, for his great help and meticulous work offered by him.

I am also greatly thankful to the team of the Pediatric Dialysis Unit, Ain Shams University, for their support and help through out this work, Also the team of the Ophthalmology Department, Ain Shams University, deserves a special thank for the help during the practical part of this thesis especially in the field of fundus and anterior segment photography.

I acknowledge the brave patients and their parents for their cooperation, understanding and their sincere feelings.

List of Abbreviation

BUN	Blood Urea Nitrogen
CRF	Chronic Renal Failure
HD	Hemodialysis
PTH	Para Thyroid Hormone
G6P	Glucose – 6- phosphate
SH	Sulfhydryl group
GBM	Glomerular Basement Membrane
DI	Diabetes Insipidus
d-RTA	Distal renal tubular acidosis
ESRD	End Stage Renal Disease
1,25(OH) ₂ D ₃	1,25 di hydroxy vitamin D
Ca X PO ₄	Calcium X Phosphorus solubility product
