## ACKNOWLEDGMENT

*Thanks to ALLAH, the most Merciful and the most Beneficial.*

*I wish to express my deepest gratitude and appreciation to Prof. Dr. Ahmed Medhat Al-Naggar, professor of crop breeding, Fac. of Agric., Cairo Univ. and the Chairman of the supervisors committee for valuable guidance, great help, devoted efforts and sincere concern for supervising the study and constructive guidance throughout the preparation of this manuscript.*

*Sincere thanks and grateful appreciation are extended to Prof. Dr. Mohamed Reda Ali Shabana, professor of plant breeding, Fac. of Agric., Cairo Univ. for his supervision, valuable advice, helpful suggestion and time offered throughout the experimental work of this study and preparation of the manuscript.*

*Grateful appreciation and deepest gratitude are also extended to Prof. Dr. Sadek El-Shahhat Sadek, Head of the National Maize campaign for his supervision, valuable advice, continuous help throughout the progress of this study and during the preparation of the manuscript.*

*My deepest gratitudes are offered to Prof. Dr. Fawzy A. Salama, Deputy Director of Field Crops Res. Inst. and leader of the National Maize Res. Program, and Prof. Dr. Hamdy Y. El-Shaerbeiny leader of the Breeding Component of the National Maize Res. Program, for providing all facilities used in the experiments and Prof. Dr. Galal M. Mahgoub, of the National Maize Res. Program, ARC, Giza for his help and advice during the statistical analysis of this study.*

*I feel deeply thankful to all staff members and technicians of Maize Research Section at Sids Agric., Res., Station of ARC, for their valuable help. Special thanks are extended to Dr. Atef A. Mahmoud, Senior Researcher for his continuous help and advice, Dr. Mohamed E. Abd El-Azeem, Researcher for his valuable help and efforts offered during the experimental work of this study and Mr. Hamdy E. Gammee, Assistant Researcher, for his appreciable help and efforts offered during the work of this study.*

*Many thanks are also extended to Dr. Ahmed A. Morsy, Senior Researcher, Central Lab. of the Experimental designs and Statistical analyses Res. Inst., ARC, for his help in statistical analyses of this study and to Dr. Mohammed M. Ewis, Researcher of Soil and Water Inst., ARC, for his help in taking soil-water table measurements in the experimental fields of this work and Mr. M. Abu El-Fetouh for his help in typing the manuscript.*

*TO THE SOUL OF MY  
FATHER TO MY MOTHER  
MY SISTERS,  
MY BROTHERS,  
MY WIFE,  
AND MY DAUGHTER  
MARWA.*
