Approval Sheet

Name : Amro Mohammed Ahmed El-Nagaawy
Title : Some Ecological Effects of Agricultural Drain Canals
Water on Aquatic Environment

This Thesis for M. Sc. Degree in Environmental Biology Department of Biological and Physical Sciences has been approved by

Prof. Dr. Ahmed Elwazeer Hagrass

Professor of Aquatic Environment, Faculty of Science, Al-Mansoura University.

Prof. Dr. Abdel Rahman Mousa

Professor of Chemistry, Faculty of Science, Ain Shams University.

Prof. Dr. Abdalla Mohammed Ibrahim

Professor of Zoology Department, Faculty of Science, Ain Shams University.

SUPERVISION

**Title : Some Ecological Effects of Agricultural Drain
Canals Water on Aquatic Environment.**

Name : Amro Mohammed Ahmed El-Nagaawy

This Thesis Supervised By:

Prof. Dr. Abdalla Mohammed Ibrahim
Professor of Zoology, Faculty of Science, Ain Shams University.

Prof. Dr. El-Saied Ahmed Solaiman
Professor of Chemistry, Faculty of Science, Ain Shams
University.

Dr. Zeinab Atia Nagdy
Associate Professor, Limnology Department, Central Laboratory
for Aquaculture Research, Agriculture Research Center.
