INFORMATION ABOUT THE RESEARCHER

Name : Ehab Ezzat Aly Shokeir

Date of Birth : July 20, 1965

Place of Birth : Alexandria, Egypt

Qualifications : B. Sc. Degree in Civil Engineering, Cairo University (1987).
M. Sc. Degree in Civil Engineering (Structural), Menofia University (1994).

Present Job : Senior Civil Engineer in the Engineering for Petroleum and Process Industries Company, (Enppi).

2. The second part of the document is a list of the names of the persons who were absent from the meeting.

3. The third part of the document is a list of the names of the persons who were present at the meeting, but who were not present at the previous meeting.

4. The fourth part of the document is a list of the names of the persons who were present at the meeting, but who were not present at the previous meeting.

5. The fifth part of the document is a list of the names of the persons who were present at the meeting, but who were not present at the previous meeting.

6. The sixth part of the document is a list of the names of the persons who were present at the meeting, but who were not present at the previous meeting.

7. The seventh part of the document is a list of the names of the persons who were present at the meeting, but who were not present at the previous meeting.

8. The eighth part of the document is a list of the names of the persons who were present at the meeting, but who were not present at the previous meeting.

9. The ninth part of the document is a list of the names of the persons who were present at the meeting, but who were not present at the previous meeting.

STATEMENT

This dissertation is submitted to the Department of Structural Engineering, Faculty of Engineering, Ain Shams University, for the degree of Doctor of Philosophy in Structural Engineering.

The work included in this thesis, was carried out by the author in the Department of Structural Engineering, Faculty of Engineering, Ain Shams University, from 1995 to 2001.

No part of this thesis has been submitted to any other university or institute for the award of a degree of qualification.

Author's Name : Ehab Ezzat Ali Shokeir

ACKNOWLEDGEMENT

The author wishes to express his deep gratitude and great appreciation to **Prof. Dr. Hassan I. Hegab**, Professor of structural engineering, Ain Shams University for his valuable assistance, faithful guidance and his precious remarks which contributed much toward the completion of this thesis. A special thanks is sent to **Prof. Dr. El-Sayed I. El-Sayed**, Professor of structural engineering, Ain Shams University for his encouragement and sound advice.

The author would like to express his heart felt gratitude to **Prof. Dr. Mohamed N. Fayed**, Professor of structural engineering, Ain Shams University for his broad minded views all through the work, indispensable assistance, and contribution during preparing the computer program and the study development. Indeed, any gratitude expression the writer would print will underestimate his help, as he practiced the important role in making this thesis produced in hand.

The writer is indebted with great favour to **Prof. Dr. Abdel Salam A. Mokhtar**, Professor of structural engineering, Ain Shams University for his technical assistance in addition to his competent advice throughout the research work.

Finally, the author wishes to extend his very special thanks and appreciation to his family for their continuous support, encouragement, and unselfishness during the preparation of this work.
